

**West Nile Virus activity* detected recently in the following
Bronx zip codes: 10454, 10456, 10457, 10459, 10461, 10464, 10465, 10466, 10471, 10472, 10473, 10474, 10475**

Neighborhoods: Bronx River, Claremont Village, Clason Point, Co-op City, East Tremont, Eastchester, Hunts Point, Longwood, Morris Park, Mott Haven, North Riverdale, Pelham Bay, Schuylerville, Soundview, Spencer Estates, Throgs Neck

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take **personal precautions to prevent mosquito bites:**

- **Use repellents that contain 2-undecanone, DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
 - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
 - **Make sure that your doors and windows have tight-fitting screens.**
Fix or replace screens that have tears or holes.
-

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to www.nyc.gov/health.
