

Project # SANDRESM1 | Borough: Manhattan | Update: 03/09/2022

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

## Partial Closure of Corlears Hook Park Starting on April 4<sup>th</sup>, 2022

Construction activities will necessitate the closure of portions of Corlears Hook Park, including the flagpole area.

To access open park areas use entrances at Jackson Street and west entrances on Cherry Street. For public access to ferry, use Corlears Hook Bridge. Please follow all on-site signage while closures are in effect to ensure safety. Noise and air monitors are in place.
