

Project # SANDRESM1 | Borough: Manhattan | Update: 06/23/2022

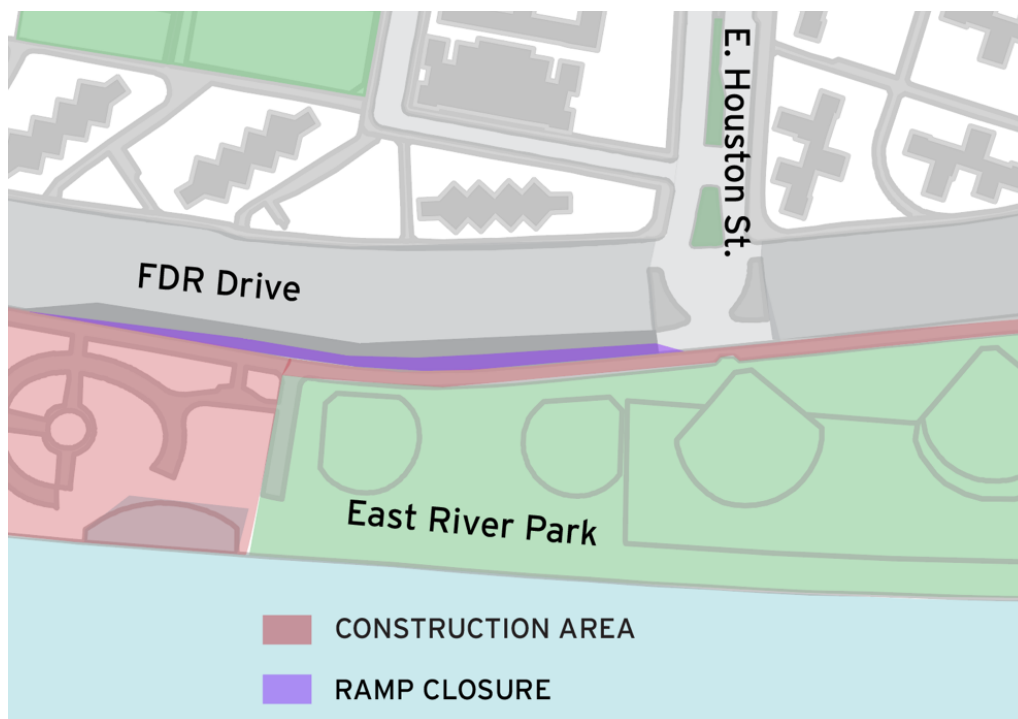

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

## E. Houston St. with FDR Dr. Exit 5 NB Ramp Lane Closure

Starting June 16, 2023

Ongoing until further notice

For driver and vehicle safety, construction activities will necessitate one lane closure of the FDR Drive Exit 5 northbound exit ramp (Houston Street). One lane of traffic on exit ramp will be maintained at all times. Vehicles should follow posted signs and on-site instruction while closures are in effect. Noise and air monitors will be in place prior to the start of these activities.
