

Project # SANDRESM1 | Borough: Manhattan | Updated: 03/08/2024

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

Micro-Tunneling Activities Begin in E. 10th Street Shared Use Path Area of East River Park

Starting Friday, March 1st, 2024
Ongoing for about four months.

The Shared Use Path work zone has been extended within East River Park north to the E. 10th St. Bridge to accommodate upcoming micro-tunneling operations, which will facilitate the placement of a 42" inch sewer line underneath the FDR Drive. Pedestrian access will be maintained. Follow directional signage. Noise and air monitors are in place.

Additional information to follow when operations begin on the FDR Service Road at E. 10th Street.
