

Unincorporated Business Tax Return For fiscal years beginning in 1998 or for calendar year **1998**

Highlights of Recent Tax Law Changes for Unincorporated Businesses

- The business tax credit has been increased from \$800 to \$1,800 for tax years beginning in 1997 with a partial credit if the tax is between \$1,800 and \$3,200. Admin. Code §11-503.
- For taxable years beginning on or after January 1, 1997 an unincorporated business that is not a partnership is required to file an unincorporated business tax return only if the business's gross income exceeds \$75,000 or its taxable income exceeds \$35,000.
- NYC-202 filers who pay New York City personal income tax as residents can now take a credit against their New York City personal income tax for Unincorporated Business Tax paid by their businesses or by partnerships from which they receive a distributive share. See New York State Form IT-219 and instructions thereto.
- The Unincorporated Business Tax exemption for persons engaged **solely** in purchasing and selling property for their own account has been amended to make the exemption available to unincorporated entities, but not individuals, **primarily** engaged in qualifying investment activities. The exemption applies to income from those activities. Admin. Code §11-502 (c).
- The Unincorporated Business Tax Paid Credit enacted in 1994 has been amended to permit unused credits to be carried forward for 7 years subject to certain restrictions. Admin. Code §11-503 (j).
- The Unincorporated Business Tax treatment of income derived from partnerships in which an unincorporated business is a partner has been clarified. Admin. Code §11-502(a), 11-506(a).
- The definition of "corporation" for purposes of the New York City General Corporation Tax has been amended to include an association and a publicly traded partnership taxable as a corporation for federal income tax purposes. Admin. Code §11-602 (1).
- Unincorporated entities electing to be treated as associations taxable as corporations for federal income tax purposes pursuant to the federal "check-the-box" rules under IRC §7701(a)(3) are treated as corporations for City tax purposes and are not subject to the Unincorporated Business Tax. Eligible entities having a single owner that are disregarded as a separate entity under the "check-the-box" rules and treated as either a sole proprietorship or a branch for federal tax purposes will be similarly treated for City tax purposes. See the Addendum to Instructions included with these forms for additional information.
- The Unincorporated Business Tax exemption applicable to certain real estate activities has been expanded to include income from monthly or longer term parking charges paid by building tenants at a garage open to the public, subject to certain restrictions. Admin. Code §11-502 (d).
- New rules apply to the allocation of income from broadcasting and publishing and, for years beginning after 6/30/96, income from sales of tangible personal property. Admin. Code §11-508, subdivisions (c) and (e-1).
- For years beginning after 6/30/96, entities primarily engaged in the manufacture and sale of tangible personal property and using a formula allocation method may elect to use a double-weighted gross income factor. Admin. Code §11-508 (g).
- For years beginning after 6/30/96, the requirement that unincorporated businesses maintain a regular place of business outside the City in order to allocate income outside the City has been repealed. Admin. Code §11-508 (a).

GENERAL INFORMATION

WHO MUST FILE

1. Any individual or unincorporated entity, other than a partnership, that carries on or liquidates a trade, business, profession or occupation wholly or partly within New York City and has a total gross income from all business regardless of where carried on of **more than \$75,000** (prior to any deduction for cost of goods sold or services performed) must file an Unincorporated Business Tax Return.

2. **In addition**, every unincorporated business other than a partnership that has unincorporated business gross income of \$75,000 or less, but has unincorporated business taxable income of more than \$35,000 must file a return for each taxable year in which it carries on business in the City to any extent.
Unincorporated business taxable income is the excess of unincorporated business gross income over the aggregate of unincorporated business deductions, allocated to New York City, less the allowance for taxpayer's services and unincorporated business exemptions.

If an individual or an unincorporated entity carries on two or more unincorporated businesses, in whole or in part within the City, all such businesses shall be treated as one unincorporated business for purposes of this tax. The gross income and deductions from all such businesses must be combined and reported on one return.

However, an individual member of a partnership who carries on his own separate and independent unincorporated business is not required or permitted to include his distributive share of partnership income in computing his separate unincorporated business taxable income.

WHICH FORMS TO FILE

Individuals, estates and trusts must file on Form NYC-202, and partnerships or other unincorporated organizations must file Form NYC-204.

If you are required to file a return but do not owe any tax, you may be eligible to file Form NYC-202 EZ. To determine whether you may use Form NYC-202 EZ, refer to the form itself or use the following worksheet:

202 EZ WORKSHEET

1. Enter: Net profit (loss) from federal Schedule C or Schedule C-EZ..... \$ _____

2. Add: additional business/professional income (loss) such as sale of business assets, rental income and royalties from federal Form 1040, page 1 \$ _____

3. Add: income and unincorporated business taxes paid this year and deducted on federal Schedule C \$ _____

4. Add: lines 1, 2 and 3 \$ _____

- If line 4 does not exceed \$55,000 you may use Form NYC-202 EZ.
- If you are filing for a period of less than 12 months, refer to Form NYC-202 EZ to determine whether you may use that form.
- Taxpayers who allocate business income, who file as an estate or trust, or who have NYC modifications other than line 3 of the worksheet are required to file Form NYC-202.

WHO IS SUBJECT TO THE TAX

- 1) The Unincorporated Business Tax is imposed on any individual or unincorporated entity (including a partnership, fiduciary or corporation in liquidation) engaged in any trade, business, profession, or occupation wholly or partly carried on within New York City.
- 2) Income received from the practice of law, medicine, dentistry, architecture, or any other profession is subject to the Unincorporated Business Tax.
- 3) A corporation that makes an election under Section 1372 of the Internal Revenue Code (S Corporations) does

not become subject to the Unincorporated Business Tax by reason of the election. S Corporations are subject to the General Corporation Tax.

4) The Unincorporated Business Tax does not apply to:

- a) any entity subject to the tax imposed by Title 11, Chapter 6 (General Corporation Tax) of the NYC Administrative Code. For taxable years beginning in 1996 and thereafter, unincorporated associations and publicly traded partnerships taxable as corporations for federal income tax purposes under IRC §7701 (a) (3) and §7704 are subject to the General Corporation Tax and not the Unincorporated Business Tax. **This does not apply to unincorporated entities that were subject to the Unincorporated Business Tax for tax years beginning in 1995 that elected to continue to be subject to the Unincorporated Business Tax for years after 1995 on the Unincorporated Business Tax return filed for tax years beginning in 1996. That election cannot be made on an Unincorporated Business Tax return for 1997 or any later year.**
- b) any entity subject to the tax imposed by Title 11, Chapter 11 (Utility Tax) of the NYC Administrative Code (except that vendors of utility services are subject to the Unincorporated Business Tax on that percentage of their entire net income allocable to the City which their non-utility receipts bear to their total receipts);
- c) any entity carrying on an insurance business as a member of the New York Insurance Exchange (authorized in Section 6201 of the Insurance Law); or
- d) Real Estate Mortgage Investment Conduits (REMICs). Holders of interests in a REMIC remain taxable on such interests or on the income from such interests.
- 5) An individual, trust or estate, except a dealer as defined in Admin. Code §11-501 (l) will not be deemed engaged in an unincorporated business solely by

reason of the conduct of the following activities for the taxpayer's own account: the purchasing, holding or selling of property (defined below), engaging in transactions in positions in property, the acquisition, holding or disposition, other than in the ordinary course of business, of interests in unincorporated entities also eligible for this exemption, and any other activity not constituting an unincorporated business subject to the Unincorporated Business Tax.

Property Defined. Property for this purpose includes real and personal property, including property qualifying as investment capital (see instructions for Schedule D of this form) and other stocks and securities, notional principal contracts, derivative financial instruments and other positions in property but excluding property and positions in property held by a dealer, and excluding debt instruments acquired in the ordinary course of a trade or business and certain other property. See Admin. Code §11-502 (c) (1) (A). Notwithstanding anything to the contrary, the receipt of \$25,000 or less of gross receipts during the taxable year (determined without regard to any deductions) from an unincorporated business will not disqualify the taxpayer for this exemption.

- 6) A person that is an owner, lessee or fiduciary will not be deemed to be engaged in an unincorporated business solely by reason of the holding, leasing or managing of real property. For taxable years beginning on or after July 1, 1994, if an individual or unincorporated entity is carrying on an unincorporated business in whole or in part in the City, and is also holding, leasing or managing real property as an owner, lessee or fiduciary, the holding, leasing or managing of the property will not be considered an unincorporated business to the extent that the real property is held for the purposes of producing rental income or gain on the disposition of the real property, **provided, however, this partial exemption for rental real estate is not available to a dealer holding real property primarily for sale to customers in the ordinary course of the dealer's trade or business.** The operation by any taxpayer, otherwise eligible for the partial exemption, of a garage or other business at the property solely for the benefit of tenants in the property that is not open or available to the general

public will be considered to be incidental to the holding, leasing or managing of the property and will not be considered an unincorporated business. However, if such a taxpayer operates a garage or other business at the property that also is open or available to the general public, that garage or other business will be considered a taxable unincorporated business, provided, however, for taxable years beginning after 1995, if a taxpayer operates a garage that is open to building tenants and the public, the operation of that garage will not be considered a taxable unincorporated business but only to the extent of income from parking services provided at that garage to building tenants on a monthly or longer-term basis and **only if the information required to be filed with this return specified below is provided with respect to that garage.** All other income from the operation of that garage will be subject to the tax.

The taxpayer must submit with this return a statement containing the following for each garage or other similar facility that is operated for the benefit of tenants and that is open to the general public:

- 1) the parking facility name;
- (2) the parking facility address;
- (3) the license number of the facility if applicable;
- (4) the licensed capacity of the facility if licensed;
- (5) the total number of transactions and amount of receipts for the taxable year from all sales of parking services, including prepaid parking services, all parking services provided without charge and all parking services paid for by a person other than the person whose vehicle is parked, garaged or stored (such as a merchant validation of a parking ticket);
- (6) the total number of transactions and amount of receipts from sales of monthly or longer term parking services including a designation of each transaction and receipt as exempt from the 8 percent Manhattan parking tax, where applicable; and
- (7) the total number of transactions and amount of receipts from sales of monthly or longer term parking

services provided to building tenants.

Failure to submit the above information with this return will result in all of the income of that garage being subject to tax.

See Section 11-502 (d) of the NYC Administrative Code.

NOTE: If you engage in an exempt unincorporated business activity but file for information purposes, check the box at the top of page 1 of the return.

OTHER FORMS YOU MAY BE REQUIRED TO FILE

FORM NYC-5UBTI - Declaration of Estimated Unincorporated Business Tax must be filed by every individual, estate or trust carrying on an unincorporated business or profession in New York City and whose estimated tax can reasonably be expected to exceed \$1,800 for the 1999 calendar year or fiscal year beginning in 1999.

FORM NYC-62 - Application for Automatic Extension is an application for a six-month extension of time to file an Unincorporated Business Tax Return. File Form NYC-62 on or before the due date of the return.

FORM NYC-113 - Unincorporated Business Tax Amended Return and/or Claim for Refund is used to amend Form NYC-202 or NYC-202 EZ, as originally filed or as it was later adjusted by an amended return, or to claim a refund of Unincorporated Business Tax.

FORM NYC-115 - Unincorporated Business Tax Report of Change in Taxable Income made by the Internal Revenue Service and/or New York State Department of Taxation and Finance must be used for reporting adjustments in taxable income resulting from an Internal Revenue Service audit of your federal income tax return and/or a New York State Department of Taxation and Finance audit of your State income tax return.

FORM NYC-221 - Underpayment of Estimated Unincorporated Business Tax will help you determine if you have underpaid an estimated tax installment and, if so, compute the penalty due.

FORM NYC-399 - Schedule of New York City Depreciation Adjustments must be used to compute the allowable New York City depreciation deduction if you claim the federal ACRS or MACRS depreciation

deduction for certain property placed in service after December 31, 1980.

FORM NYC-CR-A - Commercial Rent Tax Annual Return must be filed by every tenant that rents premises for business purposes in Manhattan south of the center line of 96th Street **and** whose annual or annualized gross rent for any premises is more than \$75,000 or it receives over \$75,000 in rent from any subtenant.

WHEN TO FILE

Form NYC-202 is due on or before April 15, 1999, or, for fiscal year taxpayers, on or before the 15th day of the fourth month following the close of the taxable year.

An automatic extension of six months for filing this return will be allowed if, within the time prescribed for filing, the taxpayer files with the Department of Finance an Application for Extension on Form NYC-62 and pays the amount properly determined as its tax.

No additional extension for filing a return will be granted beyond the six-month extension, unless the taxpayer is outside the United States. (Taxpayers outside the United States should refer to 19 RCNY Section 28-18(c) for additional extensions.)

IDENTIFYING INFORMATION

In the space provided on the front of the return, enter your correct Social Security Number **and** Employer Identification Number and New York State Sales Tax ID Number, if applicable. The Sales Tax ID number can be 9, 10 or 11 digits. Enter the same business code entered on federal Schedule C or Schedule C-EZ. Individuals licensed and/or regulated by the NYC Taxi and Limousine Commission use business code 9999 in lieu of the federal code.

ESTIMATED TAX

Any unincorporated entity whose estimated tax can reasonably be expected to exceed \$1,800 for the 1999 calendar year or fiscal year beginning in 1999 must file a Declaration of Estimated Unincorporated Business Tax (Form NYC-5UBTI). The declaration must cover a full calendar or fiscal year and is due 3 1/2 months after the beginning of the taxable year. (A partnership declaration should be filed on Form NYC-5UB.)

For further information about estimated tax payments and due dates you may call Citytax Dial, New York City's recorded tax information, at (718) 935-6736. Message #133 will provide you with current information.

BUSINESS CARRIED ON BOTH INSIDE AND OUTSIDE NEW YORK CITY

If business is carried on both inside and outside New York City, a fair and equitable portion of the business income shall be allocated to New York City. Otherwise, all of the business income shall be allocated to New York City.

(Refer to the instructions on page 9, Schedule C, Business Allocation)

BUSINESS TERMINATED DURING TAXABLE YEAR

If the business was terminated during 1998, attach a statement to Form NYC-202 showing disposition of the business property and how it was reported on the return.

USE OF FEDERAL FIGURES

Except where otherwise indicated, items of business income, gain, loss or deduction are to be entered on the return as reportable for federal tax purposes. All items reported on Form NYC-202 or on attachments to it, however, are subject to verification, audit and revision by the Department of Finance.

FEDERAL OR NEW YORK STATE CHANGES

If, on audit of your return, the federal or New York State tax authorities change any item of income or deduction reported to the Internal Revenue Service or the New York State Department of Taxation and Finance, or an item of income or deduction is changed as a result of a renegotiation of a contract with the United States or New York State, or you execute a consent and waiver of the restrictions on assessment by either authority and the change pertains to the unincorporated business income or deductions reported on the Unincorporated Business Tax return, you must report the change to the Department of Finance within 90 days. Form NYC-115 should be used for this purpose and may be obtained from the sources listed on this page.

Form NYC-115 must be filed separately and should not be attached to any return.

If an amended federal or New York State return is filed reflecting a change in unincorporated business income or deductions, an amended Unincorporated Business Tax return must be filed within 90 days. Use Form NYC-113 to amend Form NYC-202.

ACCOUNTING PERIODS AND METHODS

The accounting period for which Form NYC-202 is filed and the method of accounting used are the same as for federal income tax purposes. If a taxpayer's taxable year or method of accounting is changed for federal income tax purposes, the same changes must be made for purposes of the Unincorporated Business Tax.

PENALTIES

The law imposes penalties for failure to file a return or to pay any tax when due, or for

making, rendering, signing, certifying or filing a false or fraudulent return. The mere fact that the figures reported on Form NYC-202 are taken from the federal return will not relieve the taxpayer from the imposition of penalties because of negligence or for filing a false or fraudulent return.

TAX PREPARERS

Anyone who prepares a return for a fee must sign the return as a paid preparer and enter his or her Social Security Number. Include the company or corporation name and Employer Identification Number, if applicable.

SPECIFIC INSTRUCTIONS

SCHEDULE A

Computation of Tax

LINE 1 - TOTAL INCOME

Enter on line 1 the total entered on page 2, Schedule B, line 27.

LINE 2 - BUSINESS ALLOCATION PERCENTAGE

Taxpayers allocating income for Unincorporated Business Tax purposes and using the statutory formula basis should determine the business allocation percentage to be used here by completing Schedule C, parts 1, 2 and 3. Transfer the percentage entered on Schedule C, part 3, line 5 to line 2 of this schedule rounded to the nearest one hundredth of a percentage point and check (✓) the "formula" box.

Taxpayers allocating income on the basis of business books and records should check (✓) the second box on line 2, omit the percentage, disregard lines 3 through 6, and continue with line 7. Enter on line 10 the sum of lines 1 and 9. (Refer to the instructions on page 9, Schedule C, Allocation by Separate Books and Records.)

Taxpayers allocating income on the basis of an alternative method of allocation must complete Schedule C, parts 1, 2 and 3 and attach an explanation of the alternative method. If a percentage formula is used other than the statutory formula, enter on line 2 of this schedule the percentage shown in the explanation rounded to the nearest one hundredth of a percentage point. If a direct allocation method is used, disregard lines 2 through 6 and enter on line 10 the amount directly allocated to New York City contained in the explanation. Check the appropriate box on line 2. (Refer to the instructions on page 10, Alternative Allocation Method.)

Taxpayers not allocating income should enter 100% on line 2.

LINES 3 AND 6 - INCOME, GAIN OR LOSS FROM NYC REAL PROPERTY

The business allocation percentage is not applied to income from rentals of New York City real property or gains or losses from the sale of New York City real property. Enter here the modified gain (or loss) from the sale or exchange and net income from rental of real property located in New York City included on line 1 of Schedule A. This is the gain (or loss) and net rental income included on line 8 of Schedule B as adjusted for the portion of the New York City modifications (Schedule B, part 2) applicable to such items. If New York City modifications are not applicable, enter the full amount of gain (or loss) and net rental income included on line 8 of Schedule B. (Refer to Who is Subject to the Tax, paragraph 6, on page 2 of these instructions.)

LINE 9 - ALLOCATED INVESTMENT INCOME

If the investment allocation percentage is zero, interest on bank accounts must be multiplied by the business allocation percentage.

UNINCORPORATED BUSINESS NET OPERATING LOSS

If line 10 shows a net loss from business, this loss is the 1998 unincorporated business net operating loss.

Beginning with losses sustained by the unincorporated business during tax years ending after June 30, 1989, the New York City net operating loss deduction shall be determined as if the taxpayer had elected to relinquish the carryback provision except for the first \$10,000 of each of such losses, which may be carried back to the three preceding years.

Losses that are not permitted to be carried back may be carried forward and used to offset income for a period of 15 years subsequent to the loss year.

If a "carryback" results in an overpayment of a prior year's tax, a claim for refund on Form NYC-113 (Amended Return and/or claim for Refund of Unincorporated Business Tax), accompanied by a copy of the Unincorporated Business Tax Return for the taxable year for which the refund is claimed, should be filed within the limitation period prescribed by law. A detailed computation of the net operating loss deduction for that year must accompany the

refund claim.

LINE 11 - NEW YORK CITY NET OPERATING LOSS DEDUCTION

The business allocation percentage is not applied to a New York City net operating loss deduction that was subject to allocation in the year in which the loss was incurred. If there was an unincorporated business net operating loss in a prior year any part of which may be carried over to 1998, the amount claimed for 1998 should be entered on line 11 after completing Schedule E, line 8. (Refer to instructions for Schedule E.)

LINE 13 - ALLOWANCE FOR TAXPAYER'S SERVICES

A deduction may be claimed for reasonable compensation for taxpayer's personal services. The allowable deduction is:

- 1) 20% of line 12 or
- 2) \$5,000,

whichever is lower. If line 12 is a loss, enter "0" on line 13.

LINE 15 - EXEMPTION

An unincorporated business exemption of \$5,000 is allowed against net income reported on line 14. If more than one business was carried on by a taxpayer, only one exemption of \$5,000 is allowed against the combined net income derived from all business activities.

The exemption of \$5,000 must be prorated on a \$13.70 daily basis if the business was carried on for a period of less than a full taxable year of 12 months, unless the business was carried on and the return is filed for a number of whole months. In that case, the proration is to be on a \$416.67 per month basis.

EXAMPLE

#1 If the sole proprietorship carried on business for a full 9 months, the exemption amount to be entered on line 15 is \$3,705.03 (9 months X \$416.67 per full month).

#2 If the sole proprietorship carried on business for 263 days, the exemption amount to be entered on line 15 is \$3,603.10 (263 days X \$13.70 per day).

TAXPAYERS FILING A SHORT PERIOD RETURN should fill in the dates at the top of page 1 of the return and prorate the exemption as described above.

LINE 16 - TAXABLE INCOME

Enter here the amount of line 14 less line 15. (If loss, refer to these instructions for information concerning a net operating loss.)

LINE 17 - TAX

Enter on line 17 the amount obtained by multiplying the amount entered on line 16 by 4%.

LINE 18 - SALES AND USE TAX ADDBACK

This item relates to the unincorporated business tax credit for sales and compensating use tax paid on electricity or electric service and certain machinery, equipment and other services (NYC Administrative Code Sections 11-503(d), 11-503(g) and 11-503(k)). If the taxpayer received a refund or credit in 1998 of any sales or compensating use tax for which it claimed an unincorporated business tax credit in a prior tax period, the amount of such refund or credit must be added back on line 18. A corresponding adjustment is to be made on line 14 on Schedule B, part 2. (Refer to instructions on Form NYC-114.5, Claim for Credit Applied to Unincorporated Business Tax.)

LINE 20 - BUSINESS TAX CREDIT

- If the amount entered on line 19 is \$3,200 or over, no credit is allowable; enter "None" on line 20.
- If the amount entered on line 19 is \$1,800 or less, your credit is the entire amount of tax on line 19. No tax will be due.
- If the amount of tax entered on line 19 exceeds \$1,800 but is less than \$3,200, a credit is allowed in the amount determined by multiplying the tax on line 19 by a fraction, the numerator of which is \$3,200 minus the amount of the tax on line 19 and the denominator of which is \$1,400. Use the following formula:

FORMULA

$$\frac{\text{tax on line 19} \times (\$3,200 - \text{tax on line 19})}{\$1,400} = \text{Unincorporated Business Tax Credit}$$

EXAMPLE

If the tax on line 19 is \$2,800, the business tax credit is calculated as follows:

$$1) \$2,800 \times \frac{(\$3,200 - 2,800)}{\$1,400} = \$800$$

2) Enter \$800 on line 20.

3) Enter \$2,000 (\$2,800 - 800) on line 21 (Unincorporated Business Tax)

LINE 21 - UNINCORPORATED BUSINESS TAX

Enter on line 21 the unincorporated business tax due. If the credit on line 20 equals the tax shown on line 19, enter "None" on line 21.

LINE 22a - OTHER CREDITS

Enter on line 22a credits against the unincorporated business tax for:

- 1) sales and compensating use taxes (Refer to instructions on Form NYC-114.5 and attach form.)
- 2) real estate tax escalation credit and employment opportunity relocation costs credit (Refer to instructions on Form NYC-114.6, Claim for Credit Applied to Unincorporated Business Tax and attach form.)
- 3) relocation and employment assistance program (REAP) credit (Refer to instructions on Form NYC-114.5 and attach form.)

LINE 22b - ENERGY COST SAVINGS CREDIT

This item relates to the energy cost savings program credit available to eligible businesses. Attach Form NYC-ECS if claiming this credit. If the total available credit (from Form NYC-ECS) exceeds the tax shown on line 21 less the other credits taken on line 22a, enter only that portion of the allowable credit that reduces the balance to zero. The excess credit must be carried forward to future years or applied to other eligible taxes.

LINE 24 - PAYMENT OF ESTIMATED TAX

Enter on line 24 the sum of all payments of estimated tax made for calendar year 1998 or fiscal year beginning in 1998 including carryover credit from the preceding taxable year, and payment with extension, NYC-62.

LINE 25 - BALANCE DUE

If you have a balance due on line 25, add lines 25, 28a, 28b and 28c. This is the

amount you owe. Enter your payment on line 30 and line A, then complete line 31.

LINES 26 and 27 - OVERPAYMENT

If there is an overpayment on line 26, enter on line 27a the amount of overpayment to be refunded. Enter on line 27b the amount to be credited to the 1999 estimated tax on Form NYC-5UBTI. If line 23 is less than zero, disregard negative sign and add that amount to line 24.

LINE 28a - LATE PAYMENT/ INTEREST

If the tax is not paid on or before the due date (determined without regard to any extension of time), interest must be paid on the amount of the underpayment from the due date to the date paid. For information as to the applicable rate of interest, call Taxpayer Assistance at: (718) 935-6000.

LINE 28b - LATE PAYMENT OR LATE FILING/ ADDITIONAL CHARGES

- a) A **late filing penalty** is assessed if you fail to file this form when due, unless the failure is due to reasonable cause. For every month or partial month that this form is late, add to the tax (less any payments made on or before the due date) 5%, up to a total of 25%.
- b) If this form is filed more than 60 days late, you will be subject to the **minimum late filing penalty**. This penalty is the lesser of (1) \$100 or (2) 100% of the amount required to be shown on the form (less any payments made by the due date or credits claimed on the return).
- c) A **late payment penalty** is assessed if you fail to pay the tax shown on this form by the prescribed filing date, unless the failure is due to reasonable cause. For every month or partial month that your payment is late, add to the tax (less any payments made) 1/2%, up to a total of 25%.
- d) The total of the additional charges in a and c may not exceed 5% for any one month except as provided for in b.

If you claim not to be liable for these additional charges, attach a statement to your return explaining the delay in filing, payment or both.

LINE 30 - TOTAL REMITTANCE DUE

After completing this return, enter the amount of your remittance on line A. This

must be the full amount as shown on line 30. All remittances must be payable in U.S. dollars drawn on a U.S. bank. Checks drawn on foreign banks will be rejected and returned. Remittances must be payable to: **NYC Department of Finance.**

SCHEDULE B

Computation of Total Income

PART 1 - ITEMS OF BUSINESS INCOME, GAIN, LOSS OR DEDUCTION

Amounts on lines 1 through 6 are to be entered from the federal tax return.

- 1) Taxpayers carrying on two or more unincorporated businesses, either wholly or partly in New York City, must enter the combined net income from all business activities relating to such businesses.
- 2) If business is carried on both inside and outside New York City and,
 - a) if the New York City income can be fairly and equitably determined from the books and records of the business, report in Schedule B, part 1, the New York City income and deductions only. Apply the New York City modifications described in part 2 that relate to the New York City items reported. (Refer to instructions for Schedule C.)
 - b) if the New York City income cannot be fairly and equitably determined from the books and records of the business, the statutory formula contained in Schedule C, part 3 of the form must be used to apportion the income from business carried on both inside and outside of New York City.
 - c) if neither the books and records method nor the statutory formula fairly and equitably allocates income to New York City, an alternative method of allocation must be used. If a percentage formula is used other than the statutory formula, enter the amounts from the federal tax return on lines 1 through 6 of this schedule. If a direct allocation method is used, report in Schedule B, part 1, the New York City income and deductions only. Apply the New York

City modifications described in part 2 that relate to the New York City items reported.

(Refer to the instructions on page 9, Schedule C, Business Allocation, for further details.)

LINE 1 - NET PROFIT (OR LOSS) FROM BUSINESS, FARMING OR PROFESSIONS

Enter here the amount reported for federal tax purposes. This amount should be the amount reported on federal Schedule C or C-EZ, Form 1040. (If you operate a farm, enter the profit or loss reported on federal Schedule F, Form 1040.) Attach a copy of federal Schedule C, C-EZ or F. If this is a final return, attach a copy of your entire federal Form 1040.

If allocation is based upon books and records, report the net profit (or loss) from New York City operations of the business.

LINE 2 - MULTIPLE SCHEDULES C AND F

If entering income from more than one federal Schedules C, C-EZ or F, enter number of Schedules C, C-EZ or F attached.

LINE 3 - GAIN (OR LOSS) FROM SALE OF REAL OR PERSONAL BUSINESS PROPERTY

Enter here the total gain or loss from the sale or exchange of real or personal property carried as business assets (including proceeds from the sale of the business and its goodwill). Attach federal Schedule D and/or Form 4797. Note that federal depreciation and federal basis must be used in these computations. (Refer to instructions for Schedule B, part 2, line 19, relating to the subtraction from gain reported on line 3 for certain property acquired prior to January 1, 1966, and instructions for Schedule B, part 2, lines 10d and 16 relating to ACRS depreciation modifications.)

LINE 4 - NET AMOUNT OF RENTS FROM REAL OR PERSONAL BUSINESS PROPERTY

Enter here the net amount of rental and royalty income derived from real and personal business property, using federal figures. (Attach federal Schedule E.) **If you are using the books and records method of allocation, enter amounts allocable to New York City.** Include the rental income from property even if not considered an unincorporated business. (Refer to Who is Subject to the Tax, paragraph 6, on page 2 of these instructions.)

LINE 5 - OTHER BUSINESS INCOME (OR LOSS)

Enter net amount of income or loss derived from business activities or sources other than those enumerated on lines 1, 3, and 4 of Schedule B, part 1 and attach a schedule giving details of the items reported. Interest and dividends from securities held in connection with the business or carried as business assets should be reported here. **If you are using the books and records method of allocation, enter amounts allocable to New York City.**

If a net operating loss deduction is allowable in 1998 by reason of a carryover of a net operating loss sustained in a prior year, do not enter the loss deduction here. Complete Schedule E.

LINE 7 - INCOME OR GAIN FROM SALE OR EXCHANGE OF REAL PROPERTY

Rental income or loss from real property located outside New York City and gain or loss on disposition of real property located outside New York City are not considered for purposes of computing the unincorporated business tax. Therefore, to exclude this income, loss or gain, subtract on line 7 the amount included on lines 3 and 4 if income or gain is reported, and add this amount on line 7 if loss is reported.

PART 2 - NEW YORK CITY MODIFICATIONS

It may be necessary to make certain additions to or subtractions from the amount reported in part 1, line 8 to arrive at total income to be reported on line 27. If any of the following items is applicable, complete part 2 showing the nature and amount of each item, and enter the combined total on line 21. If none of these apply, transfer the amount on line 8 to line 22 of Schedule B.

If the business is carried on both inside and outside New York City and the New York City income is determined from books and records of the business, enter in part 2 only those additions and subtractions that relate to the New York City items reported on lines 1 through 5 of Schedule B, part 1.

- ADDITIONS -

LINE 9 - INCOME AND UNINCORPORATED BUSINESS TAXES

Enter the amount of income and unincorporated business taxes imposed by New York City, New York State or any other taxing

jurisdiction that were deducted in computing part 1, line 8.

LINE 10 - MODIFICATIONS RELATING TO ITEMS OF TAX CREDIT AND DEDUCTION

Line 10a: Taxpayers claiming the sales and compensating use tax credits must enter the amount shown on line 4 of Form NYC-114.5.

Line 10b: Taxpayers claiming the real estate tax escalation credit or employment opportunity relocation costs credit must enter the amount shown on lines 4 and 5, respectively, of Form NYC-114.6.

Line 10c: Enter any amounts deducted in computing part 1, line 8, for:

- i) interest on money borrowed to purchase or carry bonds or securities, the interest on which is exempt from the Unincorporated Business Tax;
- ii) expenses that relate to exempt income or to property held for the production of exempt income; and
- iii) amortization of bond premium on any bond, the interest on which constitutes exempt income.

Line 10d: The federal depreciation deduction computed under the Accelerated Cost Recovery System (ACRS) or the Modified Accelerated Cost Recovery System (MACRS) (IRC Section 168) is not allowed for the following types of property:

- i) property placed in service in New York State in taxable years beginning before January 1, 1985 (except recovery property subject to the provisions of IRC Section 280-F)
- ii) property placed in service outside of New York State in taxable years beginning before January 1, 1994 (except property subject to the provisions of IRC Section 280-F)

In place of the federal depreciation deduction, a depreciation deduction using pre-ACRS or MACRS rules (IRC Section 167) is allowed.

Enter on line 10d the ACRS depreciation deduction used in computing part 1, line 8. (Refer to instructions for line 16.) (Attach Form NYC-399.)

Line 10e: Eligible energy users and suppliers of fuel services claiming the energy cost savings credit must add back the amounts required under Section 11-506(b)(10-a) and (10-b) of the Administrative Code.

LINE 11 - OTHER ADDITIONS

Describe in a separate schedule the nature and amount of any additions, such as:

- 1) interest income on state and local bonds held in connection with the business (other than on bonds of New York State and its political subdivisions)
- 2) interest or dividend income on bonds or securities, held in connection with the business, of any United States authority, commission or instrumentality that the laws of the United States exempt from federal income tax but not from state or local income taxes
- 3) any amount deducted in computing part 1, line 8, for salaries, wages, withdrawals or interest paid to the proprietor of the unincorporated business
- 4) five (5)% of an amount equal to interest paid or accrued by a taxpayer engaged in certain types of stock or asset acquisitions (as described in Section 11-506(d) of the Administrative Code) during the taxable year and for the three immediately preceding taxable years (to the extent deducted in the computation of unincorporated business taxable income). The amount will not exceed the limitation amount as described in Section 11-506(b) of the NYC Administrative Code. Effective for taxable years beginning on or after January 1, 1989, and for takeovers occurring July 1, 1989, and thereafter. (Attach schedule or computation.)
- 5) losses, interest, depreciation and any other expenses deducted for federal income tax purposes directly or indirectly attributable to the holding, leasing or managing of real property (including any business conducted at the property as an incidental service to tenants) or to the income or gain therefrom, if such holding, leasing or managing of property is exempt from Unincorporated Business Tax under NYC Administrative Code Section 11-502(d) in taxable years beginning on or after July 1, 1994 or January 1, 1996, in the case of parking services rendered to tenants at a garage open to the public. (Refer to Who is Subject to the Tax, paragraph 6, on page 2 of these instructions.)

tions.)

- 6) any other additions required by Sections 11-506, 11-507 and 11-509 of the NYC Administrative Code. (Attach any appropriate schedules.)

- SUBTRACTIONS -

LINE 13 - INCOME AND UNINCORPORATED BUSINESS TAX REFUNDS

Enter any refund or credit for overpayment of any income tax to the extent included in computing part 1, line 8.

LINE 14 - SALES AND USE TAX REFUNDS OR CREDITS

This item relates to the unincorporated business tax credit for sales and compensating use taxes paid on electricity or electric service and certain machinery, equipment and other services. If the taxpayer received a refund or credit in 1998 of any sales or compensating use tax for which it claimed an unincorporated business tax credit in a prior tax period, the amount of the refund or credit must be added to the Unincorporated Business Tax on line 18 of Schedule A, and entered at part 2, line 14, as a subtraction modification. (Refer to instructions on Form NYC-114.5.)

LINE 15 - FEDERAL EMPLOYMENT CREDIT

Enter the portion of wages and salaries paid or incurred for the taxable year for which a deduction is not allowed pursuant to the provisions of Section 280C of the Internal Revenue Code. (Attach federal Form 5884.)

LINE 16 - DEPRECIATION ALLOWED

In place of the disallowed ACRS deduction for certain property, line 10d, a depreciation deduction computed by any method permitted under IRC Section 167 as in effect on December 31, 1980, will be allowed. Enter on line 16 the ACRS adjustment from Form NYC-399, Schedule C, line 8, column B. (Attach Form NYC-399.)

LINE 17 - EXEMPT INCOME

Attach a schedule showing the nature and amount of exempt income, such as:

- 1) interest income on United States obligations included in computing part 1, line 8
- 2) interest or dividend income on bonds or securities of any United States

authority, commission or instrumentality included in computing part 1, line 8, but exempt from state or local income taxes under United States law

- 3) interest or dividend income on bonds or securities to the extent exempt from income tax under New York laws authorizing the issuance of such bonds or securities, but included in computing part 1, line 8

LINE 18 - DIVIDENDS

Enter 50% of dividends other than the following:

- 1) dividends from stocks not meeting the holding period requirement set forth in IRC Section 246(c);
- 2) dividends described in Section 11-602.8(b)(13) and (15) of the NYC Administrative Code relating to dividends from corporations where certain stock or asset dispositions have occurred within 18 months of a qualifying acquisition; and
- 3) dividends from stock described in Section 11-602.3(b) and (c) of the Administrative Code relating to dividends from corporations where certain stock or asset dispositions have occurred within 18 months of a qualifying acquisition.

In applying the provisions of Section 11-602 referred to in 2) and 3) above, references to "acquiring corporation" and "acquiring person" should be read as referring to the unincorporated business.

LINE 19 - OTHER SUBTRACTIONS

Describe in a separate schedule the nature and amount of any subtractions, such as:

- 1) the portion of gain included in computing part 1, line 8, from the sale or other disposition of property acquired before January 1, 1966, except:
 - a) stock in trade of the taxpayer or other property of a kind that would be properly included in his inventory if on hand at the close of the taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business; and
 - b) accounts or notes receivable acquired in the ordinary course of his/her trade or business for ser-

vices rendered or from the sale of property described in "a" to the extent of the difference between:

- i) the amount of gain reported at part 1, line 3, for each property; and
- ii) the amount of gain that would be reported on line 3 for each property if the adjusted basis of the property on the date of sale or other disposition had been either:
 - A) its fair market value on January 1, 1966, plus or minus all federal adjustments to basis for the period after December 31, 1965; or
 - B) the amount realized from its sale or other disposition,

whichever is lower.

If the gain reported is from a sale of property before January 1, 1966, and reported on the installment method, the fair market value of the property on the date of sale must be substituted for its fair market value on January 1, 1966. The total adjustment may not exceed the taxpayer's net gain from the sale or other disposition of all the property.

- 2) interest on money borrowed to purchase or carry bonds or securities, the interest on which is subject to the Unincorporated Business Tax but exempt from federal income tax; ordinary and necessary expenses paid or incurred during the taxable year in connection with such income or property held for the production of such income; and amortization of bond premium for the taxable year on any bond, the interest from which is subject to the Unincorporated Business Tax but exempt from federal income tax, to the extent these items were not deducted in computing part 1, line 8
- 3) income or gain includible in gross income for federal income tax purposes from the holding, leasing or managing of real property (including any business conducted at the property as an

incidental service to tenants) if such holding, leasing or managing of property is not subject to Unincorporated Business Tax under NYC Administrative Code Section 11-502(d) in taxable years beginning on or after July 1, 1994 or January 1, 1996, in the case of parking services rendered to tenants at a garage open to the public. (Refer to Who is Subject to the Tax, paragraph 6, on page 2 of these instructions.)

- 4) any other subtractions required by Sections 11-506, 11-507 (other than charitable contributions) and 11-509 of the NYC Administrative Code. (Attach any appropriate schedules.)

Any unincorporated business net operating loss deduction allowable in 1998 by reason of a carryover of a net operating loss sustained by the unincorporated business in prior years should be reported in Schedule E.

SAFE HARBOR LEASES

This applies to agreements entered into prior to January 1, 1984. Effective for taxable years beginning on or after January 1, 1982, the NYC Administrative Code was amended to nullify the effects of federal "Safe Harbor Leases" upon New York City unincorporated business taxable income. (Refer to Sections 11-506 and 11-507 of the NYC Administrative Code for details.)

LINE 23 - CHARITABLE CONTRIBUTIONS

Deductions are allowed for charitable contributions made by the unincorporated business, as a tax entity separate and distinct from its owners or proprietors, to the extent they would be deductible by a corporation for federal income tax purposes, but not in excess of 5% of line 22. In general, contributions deductible by a corporation are the same as those for individuals, except that:

- 1) contributions to fraternal societies, orders and associations operating under the lodge system are not deductible; and
- 2) contributions to a trust, chest, fund or foundation are deductible only if they are to be used within the United States or its possessions.

LINE 25 - INVESTMENT INCOME

Investment income includes: 50% of dividends from stocks held for investment; interest from investment capital; net capital gain or loss from sales or exchanges of

securities held for investment; and income from cash if an election is made to treat cash as investment capital on line 3 of Schedule D. Do not include any capital loss that could not be used in computing federal taxable income.

In computing investment income, subtract the amount of deductions allowable in computing entire net income which are directly or indirectly attributable to investment capital or investment income.

LINE 25a - DIVIDENDS FROM STOCKS HELD FOR INVESTMENT

Enter dividends not excluded on line 18. This includes 100% of dividends described in Sections 11-602.8(b)(13) and (15) of the Administrative Code; 100% of dividends from stock described in Sections 11-602.3(b) and (c) of the Administrative Code; 50% of dividends from corporations for which an exclusion was allowed on line 18 of this schedule; and 100% of dividends from stock not meeting the holding period requirement set forth in Section 246(c) of the IRC.

LINE 25d - INCOME FROM CASH

Enter income from cash on Schedule B, line 25d only if you have elected to treat cash as investment capital and have entered the amount thereof on Schedule D, line 3.

LINE 25f - DEDUCTIONS ATTRIBUTABLE TO INVESTMENT CAPITAL

For more information regarding indirect attribution rules and formulas, you may call Citytax Dial, New York City's recorded tax information line, at (718) 935-6736. Message #235 will provide you with current information.

SCHEDULE C

Business Allocation

An allocation of business income is permitted for purposes of the Unincorporated Business Tax if you carry on business both inside and outside New York City.

ALLOCATION BY SEPARATE BOOKS AND RECORDS

If you carry on a business both inside and outside New York City and maintain books and records that fairly and equitably reflect income from the New York City business, complete Schedule C, parts 1 and 2 and attach a detailed schedule showing the source of each item of income and expense as being attributable to inside and outside

New York City.

This apportionment must be a fair and equitable reflection of the income from New York City. In cases where the methods used in keeping the books of the business do not fairly and equitably reflect income and expense from New York City, the Department of Finance may specifically allocate items of income and expense to the various places of business.

ALLOCATION BY FORMULA

If the New York City income of the business cannot be determined from your books, income from business carried on both inside and outside New York City must be determined in accordance with the statutory formula or an alternative method approved by the Department of Finance. Schedule C, parts 1, 2 and 3 must be completed for this purpose in accordance with the following specific instructions.

An unincorporated business that derives more than 10% of its gross receipts for the taxable year from publishing newspapers or periodicals or radio or television broadcasting must allocate all its income using the statutory formula unless the Department of Finance requires an alternative method to be used in order to fairly and equitably reflect the taxpayer's business income in the City.

ALTERNATIVE ALLOCATION METHOD

If Schedule C, part 3 does not fairly and equitably reflect the income from New York City and you use an alternate method, Schedule C, part 3, based upon the statutory formula, must still be completed and a detailed explanation of the alternate allocation method used to determine New York City income must be attached, together with full details of any modification increasing or decreasing the amount of New York City income computed by use of the alternate method and how the alternative method is more equitable than the statutory formula.

If you carried on more than one business for which an alternative allocation method is required, a similar statement must be prepared for each business and attached to your return.

Security and commodity brokers should refer to 19 RCNY Section 28-07(h) for special rules for allocating commissions, manager fees, primary spreads, and selling concessions.

SCHEDULE C, PARTS 1 AND 2

Enter the information requested in parts 1 and 2, all columns. Indicate in the "rent" column whether you own or rent the premises listed. Enter the amount of rent paid, if any. (Attach rider if necessary.)

SCHEDULE C, PART 3

Complete this schedule if business is carried on both inside and outside New York City and you do not maintain separate books and records that fairly and equitably reflect the New York City operations of the business.

Compute the business allocation percentage by means of the three-factor formula as follows:

- the property factor (line 1)
- the payroll factor (line 2)
- the gross income factor (line 3)

Each factor is computed by dividing the amount in column A by the amount in column B. The resulting percentages are added together, the sum is divided by the number of percentages, and the resulting allocation percentage rounded to the nearest one hundredth of a percentage point is entered on line 5. If one of the factors is missing, the other percentages are added and the sum is divided by the number of percentages. If two of the factors are missing, the remaining percentage is the allocation percentage. A factor is not missing merely because its numerator is zero, but is missing if both its numerator and denominator are zero.

EXAMPLE

A taxpayer has no employees either inside or outside New York City and pays no wages. The allocation percentage is computed by adding the property percentage and the gross income percentage and dividing the total by two.

For taxable years beginning after 6/30/96, a manufacturing business may elect to use a double-weighted gross income factor. An election must be made on a timely filed original return and is made by entering on line 3b the amount from line 3a. If you make an election, add the percentages in Column C and divide the sum by 4 and enter the result on line 5 rounded to the nearest one hundredth of a percentage point. If one or more of the other factors is missing, add the remaining percentage(s) and divide by the number of percentages so added. **If you do not wish to make the**

election, do not enter an amount on line 3b. For purposes of this election, a manufacturing business is an unincorporated business primarily engaged in the manufacturing and sale of tangible personal property. Manufacturing includes assembly, working raw materials into wares, and giving new shapes, qualities or combinations to matter that has already gone through some artificial process, through the use of machinery, tools, appliances or other similar equipment. A business is primarily engaged in manufacturing if more than 50% of its gross receipts for the year are attributable to manufacturing.

After the business allocation percentage is computed, multiply Schedule A, line 4 by the business allocation percentage to determine the amount allocated to New York City. Enter the result on Schedule A, line 5.

The three factors are described below in the instructions for lines 1a, 1b, 1c, 2 and 3. Complete lines 1a, 1b, 1c, and 1d of Schedule C, part 3, to determine the average value of real and tangible personal property of the business.

LINE 1a - REAL PROPERTY OWNED

Enter in column A the average value of real property located within New York City. Enter in column B the average value of real property connected with the business both inside and outside New York City. For this purpose, property connected with the business does not include property from which the taxpayer solely receives rental income not considered income from an unincorporated business. See "Who is subject to the Tax", paragraph 6, of these instructions. The average value of the property is determined by adding:

- 1) its value at the beginning of the taxable year, and
- 2) its value at the end of the taxable year,

and dividing by two.

LINE 1b - REAL PROPERTY RENTED FROM OTHERS

The value of real property rented to the business and to be included in line 1b is generally **eight** times the gross rent payable during the taxable year for which the return is filed. Gross rent includes:

- 1) any amount payable for the use or possession of real property, or any part thereof, whether designated as a fixed sum of money or as a percentage of sales, profits or otherwise; and

- 2) any amount payable as additional rent or in lieu of rent, such as interest, taxes, insurance, repairs or any other amount required to be paid by the terms of a lease or other agreement; and
- 3) that proportion of the cost of any improvement to real property made by or on behalf of the business which reverts to the owner or lessor upon termination of a lease or other agreement.

If a building is erected on land leased by or on behalf of the business, the value of the building is determined in the same manner as if it were owned by the business. The value of the underlying land is determined by multiplying the gross annual ground rent by eight. Enter the value of rented real property located within New York City in column A and the value of all rented real property in column B.

LINE 1c - TANGIBLE PERSONAL PROPERTY OWNED

Enter in column A the average value of tangible personal property located within New York City. Enter in column B the average value of all tangible personal property connected with the business both inside and outside New York City.

The average value of the property is determined by adding:

- 1) its value at the beginning of the taxable year, and
- 2) its value at the end of the taxable year,

and dividing by two.

LINE 2 - WAGES, SALARIES AND OTHER PERSONAL SERVICE COMPENSATION

The amounts to be entered on line 2 include wages, salaries, and other personal service compensation paid only to employees of the unincorporated business. Do not include payments to independent contractors or independent sales agents. The portion that represents the amount paid in connection with operations carried on in New York City should be entered on line 2 in column A. The total compensation paid to employees during the taxable year in connection with unincorporated business operations carried on both inside and outside New York City should be entered in column B.

If an employee works in or travels out of an office or other place of business within New York City, the compensation paid to that

employee for services is part of operations carried on within New York City and must be included in New York City amounts.

LINE 3 - GROSS SALES OF MERCHANDISE OR CHARGES FOR SERVICES RENDERED DURING THE YEAR

The amount to be entered on line 3 in column A is the portion of the total gross sales or charges that represents sales made or services performed by or through an agency in New York City. This includes sales made or services performed by employees, agents, agencies or independent contractors situated at, connected with, or sent out from, offices of the unincorporated business (or its agencies) located in New York City. For example, if a salesperson working out of the New York office of the business covers the states of New Jersey and Pennsylvania, all sales made by him or her are to be allocated to New York City and included in column A on line 3. Notwithstanding the foregoing, for taxable years beginning after June 30, 1996, the amount to be entered on line 3 in column A with respect to sales of tangible personal property is the portion of the total gross sales of tangible personal property that represents sales where shipment is made to a point within New York City.

Businesses engaged in the business of publishing newspapers or periodicals must allocate receipts from sales of subscriptions to, and advertising in, such publications based upon the delivery of the publications within New York City compared to the deliveries of the publications to all locations.

Businesses engaged in the business of radio or television broadcasting, whether by cable or through the airways or by other means of transmission, must allocate receipts from broadcasting programs or commercial messages or the sales of subscriptions for such broadcasting based upon the audience within New York City compared to the audience everywhere.

SCHEDULE D

Investment Allocation
Complete Schedule D if you have investment capital. Investment capital is the average value of your investments in stocks, bonds, and other corporate or government securities, less liabilities, both long term and short term, directly or indirectly attributable to investment capital. Investment capital does not include governmental stocks, bonds and other securities

the interest and dividends from which are totally exempt from the UBT, except such instruments that are disposed of during the taxable year, producing taxable gain or loss. Investment capital does not include those stocks, bonds or other securities that are held for sale to customers in the regular course of business. Investment capital does not include interests in, or obligations of, partnerships or other unincorporated entities.

To determine the value of your assets for investment allocation purposes, you must include marketable securities at fair market value.

The fair market value of any asset is the price (without any encumbrance, whether or not the taxpayer is liable) at which a willing seller, not compelled to sell, will sell and a willing purchaser, not compelled to buy, will buy. The fair market value, on any date, of stocks, bonds and other securities regularly dealt in on an exchange or in the over-the-counter market is the mean between the highest and lowest selling prices on that date.

The value of all other property must be included at the value shown on the taxpayer's books and records in accordance with generally accepted accounting principles (GAAP).

ISSUER'S ALLOCATION PERCENTAGE

To determine the portion of investment capital to be allocated within the City, multiply the value of each stock or security during the period covered by the return (column E) by the issuer's allocation percentage for that stock or security.

This percentage may be obtained (1) from tax service publications, (2) by writing to: NYC Department of Finance, Taxpayer Correspondence, 25 Elm Place, 4th Floor, Brooklyn, NY 11201, or (3) by calling (718) 935-6000. If the issuer was not doing business in New York City during the preceding year, the percentage is zero.

SCHEDULE D, LINE 3 - CASH

If you have both business and investment capital, you may elect to treat cash on hand or on deposit as either business or investment capital. If you wish to elect to treat cash as investment capital, you must include it on this line. Otherwise, you will be deemed to have elected to treat cash as business capital. You may not elect to treat part of such cash as business capital and part as investment capital. You may not revoke your election after it has been made.

SCHEDULE E**Net Operating Loss Deduction**

The net operating loss deduction allowable on Form NYC-202 is computed in the same manner for unincorporated business tax purposes as it would be for federal income tax purposes, but taking into account only unincorporated business gross income and unincorporated business deductions allocated to New York City of the unincorporated business.

If the unincorporated business was carried on both inside and outside New York City during the year in which the net operating loss was sustained, the allowable 1998 net operating loss deduction is to be determined by reference to the allocation basis or method used in the year the loss was sustained, regardless of whether the unincorporated business was carried on both inside and outside New York City during 1998. The amount of loss allocated to New York City for the loss year is the amount to be entered on line 1 of Schedule E.

LINE 7

If the amount on Schedule A, line 10 is a loss, enter "0." If you are submitting a Schedule E for more than one loss year, enter on line 7 of Schedule E for the earliest loss year the amount from Schedule A, line 10. On the Schedule E for any subsequent loss year, enter on line 7 the amount from Schedule A, line 10, reduced by the sum of the amounts entered on Schedules E, line 8, for any earlier loss years.

SCHEDULE F**Additional Required Information**

All questions in this schedule (Questions 1 through 8) must be answered.
