

PASSPort

NEW RELEASE

Get Ready! – An all-new PASSPort user experience is almost here!

This November, PASSPort makes your Notifications more Noticeable!

PASSPort, New York City's end-to-end digital procurement platform, will soon be your one-stop-shop to doing business with the City. The enhancements going live this Fall will help you manage every stage of the procurement process better than ever!

Front and Center Notifications – Never miss an alert again!

In business, delays cost you time and money. Not knowing about the delays can cost you the contract. The new PASSPort reports your alerts in its own window at the top of the screen, helping you get over any hurdle that may come your way.

Wondering What Else is NEW in PASSPort?

Get a look at the NEW PASSPort before it's released! We're offering a [series of webinars](#) just for you. Learn what to expect and be prepared to navigate the new system when it launches.
