NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - RECOGNITION

Section 1.

The City recognizes the Committee as the sole collective bargaining representative for employees (hereinafter collectively referred to as "House Staff Officers" or "HSOs") of the City in the following titles, if any, or replacement titles, and NYC H+H recognizes the Committee as the sole collective bargaining representative for House Staff Officers of NYC H+H in the following titles or replacement titles provided such House Staff Officers are paid directly by the City or NYC H+H, whichever the employer may be, and not through an intermediary:

Section 2.

The terms "employee," "employees," "House Staff Officer" and "HSO" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

Section 3.

It is not the intention of NYC H+H to utilize volunteers at any NYC H+H Hospital to undermine the rights of HSOs covered by this Agreement.

ARTICLE II - COMMITTEE SECURITY, DUES AND PAC CHECKOFF

Section 1.

The City agrees that all HSOs employed by the City, if any, and NYC H+H agrees that all HSOs employed by NYC H+H are eligible to become and remain members of the Committee of Interns and Residents.

Section 2.

The City agrees and NYC H+H agrees that they will exercise their best efforts to see that such HSOs suffer no discrimination or reprisals at City health facilities or NYC H+H health facilities, respectively, by reason of their membership in or legitimate activities on behalf of the Committee.

Section 3.

- a. The Committee shall have the exclusive right to the check-off and transmittal of dues on behalf of each HSO in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Check-off of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees.", to the extent permitted by law.
- b. Any HSO may consent in writing to the authorization of the deduction of dues from the HSO's wages and to the designation of the Committee as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the HSO.

Section 4.

- a. The Employer shall commence deduction of dues as soon as practicable, but in no case later than thirty (30) days after receiving proof of a signed dues check off authorization card.
- b. The employer shall accept signed dues check off authorization cards, signed by means of written and/or electronic signatures. The right to membership dues shall remain in effect until the (1) HSO is no longer employed in a title represented by CIR or (2) the HSO revokes such dues check off authorization pursuant to and in accordance with the terms of the dues check off authorization card.

Section 5.

Five (5) differing amounts of dues deductions will be made available to the Committee. Dues and fees shall be deductible on the basis of percentage of salary, as designated by the Committee, to the extent feasible.

Section 6.

- a. CIR, upon its election to participate in a separate segregated fund established pursuant to applicable law, including Title 2 USC, Section 441b, to receive contributions to be used for the support of candidates for federal office, shall have the exclusive right in conformance with applicable law to the check-off for such political purposes in a manner as described in a supplemental agreement to be incorporated by reference into the Agreement.
- b. Any eligible HSO covered by this Agreement may voluntarily authorize in writing the deduction of such contributions from said HSO's wages for such purposes in authorization form acceptable to NYC H+H which bears the HSO's signature.
- c. A copy of the Summary Annual Report to the Federal Election Commission ("FEC") of any fund established pursuant to this Section shall be submitted to the Comptroller of the City of New York and the Office of Labor Relations at the time of its submission to the FEC.

ARTICLE III - PRODUCTIVITY AND PERFORMANCE

Section 1. Performance Levels

Delivery of medical services in the most efficient and effective manner and the provision of an effective training program for HSOs are of paramount importance to the City and NYC H+H. Such achievement is recognized to be a mutual obligation of all parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following:

The Committee recognizes the City's right and NYC H+H's right under the New York City Collective Bargaining Law to establish and/or revise medical performance standards or norms notwithstanding the existence of prior medical levels, norms or standards consistent with accepted medical and training program practices and requirements. Such standards may be used to determine acceptable performance levels and to measure the performance of each HSO.

Section 2. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE IV - WAGES

Section 1. Retroactive Lump Sum payment

The parties agree that in lieu of any retroactive wage payments to current and former Residents for the period February 25, 2018 through March 26, 2020, Residents who are in active service as of March 26, 2020 shall instead receive the following:

- a. Effective March 26, 2020, a one-time lump sum payment of one-thousand five hundred (\$1,500) dollars will be paid to each active Resident hired on or about July 1, 2019 as part of the 2019 New Resident class. The parties estimate this number to be approximately 923 Residents.
- b. Effective March 26, 2020, a one-time lump sum payment of four-thousand (\$4,000) dollars will be paid to each remaining active Resident who was not part of the 2019 New Resident class. The parties estimate this number to be approximately 1,380 Residents.
- c. The retroactive lump sum payments shall not become part of the Employee's basic salary rate nor be added to the Employee's base salary for the calculation of any salary based benefits including calculation of future collective bargaining increases.
- d. All retroactive lump sum payments to individual HSO's will be subject to all legally required deductions and withholdings.
- e. The prospective payment of all the general wage increases set forth in section 6 below shall all be effective on March 26, 2020 and shall be payable as soon as practicable after the effective date.
- f. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of this Section of the collective bargaining agreement. Such case-by-case interpretations shall not be subject to dispute resolution procedures as per past practice of the parties.

Section 2.

The appointment of an HSO shall be based on the HSO's appropriate Post Graduate Year (hereinafter "PGY") which shall be determined as follows:

- a. An HSO who has not completed at least one year of service in an accredited training program shall be placed at the PGY-1 level.
- b. An HSO who has completed one or more years of service in an accredited training program shall be placed at the PGY level which equals the number of such years of service plus one (e.g., an HSO who has completed two years of service in such a training program shall be placed at PGY-3). An HSO required to spend a prerequisite period of service in an accredited training program in a specialty other than that in which the HSO is serving shall be classified on the basis of cumulative years of such service, provided, however, that in the event an HSO changes the HSO's specialty, the HSO shall receive a maximum credit of two years for prior service in such other accredited training program.
- c. When some or all of the prior service of an HSO has been in a non-accredited training program, the HSO shall, at a minimum, be classified at the PGY level appropriate to the years of service the HSO has completed in an accredited training program. Additional credit, if any, for non-accredited training programs to be granted in establishing the appropriate PGY level for an HSO shall be determined by the HSO and the HSO's Chief at the time of appointment. If after such determination a Specialty Board should grant increased standing or credit, then an appropriate adjustment shall be made in the PGY level retroactive to the appointment date preceding notice of such adjustment. Any determination made pursuant

hereto shall be deemed an appropriate subject for a grievance and relief in the event that the HSO is actively assigned to perform duties at a PGY level higher than that in which the HSO has been classified pursuant to a determination made as hereinbefore provided.

- d. For purposes of determining an HSO's appropriate PGY level, an "accredited training program" is defined as a training program accredited by the Accreditation Council for Graduate Medical Education ("ACGME"), the American Dental Association ("ADA"), the American Podiatric Medical Association ("APMA"), the American Osteopathic Association ("AOA"), or the Royal College of Physicians and Surgeons of Canada ("RCPSC").

Section 3.

An HSO converted to a PGY level pursuant to Section 2 hereof shall, if hereinafter reappointed, be deemed to have served the number of years in a training program approved by the ACGME, ADA, APMA, AOA, or RCPSC applicable to the PGY level to which the HSO has been converted and equated pursuant to Section 2 hereof.

Section 4.

An HSO who, during the term of this Agreement, successfully completes the HSO's service for a year and is reappointed to serve for an additional year shall be advanced to the next higher PGY.

Section 5.

A year of service in a training program shall mean a year of service in a training program which shall have been certified as having been completed by the appropriate Hospital authority.

Section 6.

- a. Effective as of the dates hereafter indicated, the following pay levels shall be established:

<u>PGY LEVELS</u>	<u>2/26/18</u>	<u>3/26/20</u>
PGY-1	\$61,669	\$66,247
PGY-2	\$64,221	\$68,989
PGY-3	\$69,323	\$74,469
PGY-4	\$71,724	\$77,049
PGY-5	\$73,826	\$79,307
PGY-6	\$75,777	\$81,403
PGY-7	\$79,678	\$85,593
PGY-8	\$81,343	\$87,382

- b. In those instances where housing is provided by NYC H+H to HSOs, the annual pay rates indicated above shall be reduced by the following amounts:

<u>2/26/18</u>	<u>3/26/20</u>
\$4,064	\$4,365

Section 7.

Part-time per annum, per session, hourly paid, and per diem employees and employees whose normal work year is less than a full calendar year shall receive a rate provided in Section 6 prorated on the basis of computations heretofore utilized by the parties for all such employees.

Section 8.

- a. Each Chief Resident shall receive the following annual amounts prorated for the period of service as Chief Resident:

<u>2/26/18</u>	<u>3/26/20</u>
\$4,396	\$4,722

- b. The Chief Resident differential shall be paid only when authorized in writing by the Chief of Service or, when for a period of two or more calendar months, a House Staff Officer substantially performs the duties of a Chief Resident with the knowledge and consent of the Chief of Service.

Section 9.

Effective July 1, 2009, new PGY 1 Psychiatry residents will be paid as PGY 1. First, second and third year residents in Psychiatry who, prior to July 1, 2009, were receiving pay at the rates of second, third, and fourth year residents, respectively, shall continue to receive such compensation as set forth in the prior agreement between the parties, during their service at a NYC H+H Hospital.

Section 10.

In the event of an erroneous overpayment to an HSO of an amount exceeding 25% of the HSO's regular gross pay, the City and NYC H+H will not make wage deductions for recoupment purposes in amounts greater than 25% of the HSO's regular gross pay, except if the amount of the overpayment exceeds \$1,000. In cases where the overpayment exceeds \$1,000, deductions may be made in larger installments at the discretion of the Agency Head. Any recoupment shall be limited to the period up to six years prior to the commencement of such proceedings for recoupment.

ARTICLE V - VACATIONS AND LEAVE TIME

Section 1.

- a. The vacation for all HSOs shall be four weeks per annum (July 1 through June 30). The Hospitals will make a reasonable effort not to assign House Staff Officers on-call duty (including beeper calls) or to make rounds on shifts immediately prior to or immediately after the start of an officer's scheduled vacation.

Section 2.

When, due to the needs of a given service, it is necessary to limit vacations, they may be limited to the extent of one week per HSO, at the discretion of the HSO's Chief of Service, and pay for lost vacation shall be granted.

Section 3.

Anything to the contrary herein notwithstanding, lesser vacation benefits may be provided where appropriate Specialty Boards require lesser vacation terms, and pay for lost vacation shall be granted.

Section 4.

Anything to the contrary herein notwithstanding, pay in lieu of vacation shall be provided in the case of Residents serving their last year of residence, where full House Staff coverage in the given service cannot, in the discretion of the appropriate Chief of Service, be obtained.

Section 5.

Medical disability due to pregnancy or childbirth shall be considered as sick leave.

Section 6.

An HSO shall be paid at the HSO's regular pay for three (3) working days' absence in the event of the death of the HSO's parent, spouse, child, brother, sister, or grandparent. Such three days must be taken consecutively within a reasonable time of the day of the death or day of the funeral and may not be split or postponed. Bereavement leave shall be granted for the death of a "domestic partner" pursuant to the terms set forth in Executive Order No. 48, dated January 7, 1993. With the prior approval of a Program Director, an HSO can use other paid leave time for additional time needed.

Section 7.

Time off with pay for specialty exams, licensure exams, and any other exams required by a program will not be unreasonably denied.

Section 8.

- a. Eligibility for non-chargeable education leave shall be as per NYC H+H policy (June 26, 1997, Memorandum, "Non-chargeable Education Leave").
- b. Effective July 1, 1989, reimbursement for conference expenses was assumed by the CIR House Staff Benefits Plan and any obligation for future funding of such expenses by the City or NYC H+H ceased.

Section 9. Personal Well-being Days

See Article XXIII section (2).

ARTICLE VI - INDIVIDUAL CONTRACTS

Section 1.

- a. Each HSO shall, prior to the HSO's employment in any Hospital of NYC H+H, receive a written contract not inconsistent with any of the provisions herein, which shall set forth the Hospital and NYC H+H commitments to such HSO in the following areas: (a) maintenance of electives, (b) rotational schedule, and (c) PGY level and wages appropriate to the PGY level. The HSO's Chief of Service shall make best efforts to notify the HSO, in writing, at least seven (7) days prior to a new rotation.
- b. In the event of a conflict between the terms of an individual written contract of HSOs who commence employment on or after July 1, 1983, and the provisions of this Agreement, the provisions of this Agreement shall prevail.

Section 2.

The form of individual contract presently used by NYC H+H shall be furnished to the Committee and, if changed, a copy of any such change will be furnished to the Committee prior to its use.

Section 3.

HSOs who have July 1st appointments will be notified in writing by November 15th (December 15th at PGY-1) and HSOs with any other appointment date will be notified in writing within four and one-half (4 1/2) months thereafter (5 1/2 months at PGY- 1), if their services are not to be renewed for the next year of a given residency program. Earlier notice, if possible, will be given to such House Staff Officers.

Section 4.

No individual waiver by an HSO of the HSO's rights or those of the Committee under the collective bargaining agreement shall be effective unless consented to in writing by the Committee.

Section 5.

- a. NYC H+H will notify each HSO affected and the Committee:
 - i. Within thirty (30) days of a decision to discontinue any training program for any reason.
 - ii. Immediately upon receipt from the ACGME, ADA, APMA, AOA, or the RCPSC of notification regarding non-accreditation or probation or similar change in the professional status of any training program.
- b. In the event of a decision to discontinue a training program, NYC H+H's obligation with regard to each HSO affected shall be to assign such HSO, with concurrence of the Affiliate, which concurrence shall not be unreasonably withheld, to an approved program at another NYC H+H Hospital, or where appropriate, NYC H+H shall make other necessary arrangements to settle the employment contract and training program obligations.

ARTICLE VII - WORK SCHEDULES

Section 1.

The parties recognize the undesirability of excessive work hours for HSOs inconsistent with optimum patient care and high standards of training and will make every effort to resolve problems in furtherance of these principles. Subject to budgetary limitations and procedures for establishing budgets, House Staff work schedules shall be consistent with optimum patient care, high standards of training, specialty board requirements and limitations, and the health and well-being of HSOs, including their reasonable social needs and need for adequate rest. A grievance, which shall consist of a dispute concerning the application or interpretation of Sections 1 and 2 of this Article, shall be processed in accordance with the following procedure:

- Step I.** The Employee and/or the Committee shall present the grievance in the form of a memorandum to the Executive Director not later than ninety (90) days after the date on which the grievance arose. The Employee may also request an appointment to discuss the grievance. The Executive Director shall take any steps necessary for a proper disposition of the grievance and shall reply in writing by the end of the tenth (10th) work day following the date of submission.
- Step II.** An appeal from an unsatisfactory determination at Step I shall be presented in writing to NYC H+H Director of Labor Relations. The appeal must be made within thirty (30) days of the receipt of the Step I determination. NYC H+H Director of Labor Relations, or the Director's designated representative, may meet with the Employee and/or the Committee for review of the grievance and, in any event, shall issue a written reply by the end of the tenth (10th) working day following the date on which the appeal was filed.
- Step III.** An appeal from an unsatisfactory determination at Step II shall be presented in writing within thirty (30) days to a panel consisting of one Committee representative, one physician and/or dentist selected by NYC H+H, and the Vice President responsible for medical affairs (or the equivalent officer or successor or his/her designee) as chairperson for such disposition as is appropriate. This panel shall render its decision by a majority vote within ten (10) days after completion of the appeal process, and such decision shall be final and binding.

Section 2.

Wherever practicable, changes in a work schedule during an HSO's contract term shall be the subject of reasonable prior notice to the affected HSO. If such notice does not provide sufficient time to process a grievance through Steps II and III of Section 1 hereof, the Committee shall be entitled to proceed directly from Step I to Step III, Section 1, hereof.

Section 3.

- a. No HSO shall be required to perform duty in the hospital more frequently than an average of ten (10) calendar nights within a thirty (30)-day calendar period.
- b. Subject to the applicable provisions of Article V, Sections 2 and 3, an HSO who uses the leave time provided for in Article V will not be required to make up on-call duty that the HSO would have otherwise worked during the period of said leave.

- c. Any grievance arising under this Section 3 shall be presented in accordance with the procedure noted in Article XVI, Grievances, Sections 2 through 10 inclusive.

Section 4.

- a. HSOs performing on-call duty in addition to their anticipated normal on-call schedule shall, subject to subsection 4(k) below, be compensated for each additional on-call duty at the rates indicated below. This provision includes HSOs listed on the "jeopardy" or "sick call" schedule:

	<u>2/26/18</u>
Week Night	\$418
Weekend/Holiday	\$558

- b. HSOs performing on-call duty in addition to their normal day's work, usually in coordination with a night float system, where a HSO is not scheduled to work overnight ("Short Call") shall, subject to subsection 4(k) below, be compensated for each additional Short Call duty at the rate indicated below:

2/26/18
\$210

- c. In arranging on-call duty coverage for a sick or disabled House Staff Officer, preference shall be given to House Staff Officers within the department who agree to accept such additional on-call duty. Thereafter, insofar as is practical, preference shall be given to any other approved HSO within the facility who applies, prior to any involuntary assignment of additional on-call duty. Program Administrators or scheduling chiefs shall make reasonable efforts not to reassign a House Staff Officer from a rotation or an elective for additional on-call duty. If a House Staff Officer on a rotation or an elective must be reassigned from his/her rotation or elective for additional on-call duty, he/she shall be paid at the rates indicated above.
- d. Effective February 26, 2018, the payments provided in subsections 4(a) and 4(b) shall be made for all additional on-calls performed as coverage for a House Staff Officer absent due to illness or disability or personal/well-being day. An absent House Staff Officer shall not be required to make up on-call duty that the HSO would otherwise have worked during said illness or disability. Coverage for single absences due to illness or disability shall not be paid where it is practical to require the absent House Staff Officer to serve on-call in the same rotation in place of the House Staff Officer who provided coverage. Payment for additional on-call duty performed because of the absence of a HSO due to bereavement leave shall be permitted.

Effective March 26, 2020 the payments provided in subsections 4(a) and 4(b) shall be made for all additional on-calls performed as coverage for a House Staff Officer absent due to illness or disability or personal/well-being day. An absent House Staff Officer shall not be required to make up on-call duty that the HSO would otherwise have worked during said illness or disability. Coverage for single absences due to illness or disability shall not be paid

where it is practical to require the absent House Staff Officer to serve on-call in the same rotation in place of the House Staff Officer who provided coverage. Payment for additional on-call duty performed because of the absence of a HSO due to bereavement leave shall be permitted.

- e. Daytime coverage for a temporarily sick or disabled House Staff Officer shall be shared by the remaining House Staff Officers where such additional duties do not violate Article VII, Section 1.
- f. Nothing in subsections 4(a) through 4(e) above shall be construed to permit the performance of on-call duty in violation of Article VII, Section 3, above or determine the remedies thereunder.
- g. When House Staff Officers voluntarily exchange on-call assignments for their mutual benefit, such on-call duties shall not be considered additional on-call duty and provisions for additional compensation in this Article shall not apply.
- h. The provisions of subsection 4(d) above are not intended to alter the responsibilities and obligations of appropriate hospital authorities with regard to certification of completion by House Staff Officers of specialty board requirements.
- i. The provision for payment in subsections 4(a) and 4(b) above shall be funded by NYC H+H in the annual amounts below, to be apportioned equitably among the NYC H+H facilities employing HSOs covered by this Agreement.

2/26/18
\$379,474

Effective 2/26/18 the annual rates for funding as stated above is in accordance with Article XXI, Section 15 of this agreement.

- j. NYC H+H shall provide the Committee with monthly reports of expenditures at each facility, identifying each HSO receiving payment by name, department, and Social Security number. The report shall name the HSO for whom coverage was provided and the date(s) of such coverage. Should it appear that any facility may exhaust its prorated share during any July 1 - June 30 period, NYC H+H will meet with the Committee so that the parties may consider such measures as may be mutually acceptable to continue the program at the institution. Funds remaining at the end of any July 1-June 30 period shall be carried forward to the succeeding year or, at the option of CIR, transferred to the Patient Care Trust Fund, or applied in such other manner as the parties may agree upon.
- k. NYC H+H shall not be required to compensate HSO's in the manner set forth in subsections 4(a), (b), and (c) above if the fund established for the provision of said compensation (the "On Call Pool") is exhausted. If the usage of the On Call Pool exceeds \$290,000 in any six month period, or \$480,000 in a calendar year, NYC H+H and CIR will meet to discuss what measures, if any, should be taken.

Section 5.

- a. Moonlighting shall be prohibited during the HSO's first post-graduate year (PGY-1).
- b. During PGY-2 and thereafter, moonlighting shall be permitted if it does not impinge on or interfere with the HSO's performance of the HSO's required duties at the hospital or with the HSO's educational obligations.
- c. If, in the opinion of a Chief of Service, moonlighting has impinged on or interfered with an HSO's primary obligations, the Chief of Service may demand that the moonlighting cease.
- d. An HSO and/or the Committee may appeal through the grievance procedure a Chief of Service's demand that the HSO cease moonlighting.

Section 6.

- a. Effective May 31, 2013, a residency training program operating within an NYC H+H facility may create a "Critical Care Coverage" elective in the program by which Residents work additional hours to cover the staffing needs of the hospital outside of their scheduled shifts, within the allowable work hours regulations set forth by the ACGME, ADA, APMA, AOA, or RCPSC as applicable.
- b. Additional work hours shall be prohibited during the HSO's first post-graduate year (PGY-1).

Any grievance of a general nature affecting a large group of HSOs and which concerns the claimed misinterpretation, inequitable application, violation, or failure to comply with the provisions of this Agreement shall be filed at the option of the Committee at Step II(a) of the grievance procedure, without resort to the previous step.

ARTICLE XVII - DISCIPLINARY ACTION

Section 1.

HSOs shall have the right to a hearing before being subject to disciplinary action except as hereinafter provided. Notwithstanding the provisions of Section 6(d) below, when a charge of failure to complete delinquent charts is sustained following proper notice and hearing as below, the proposed discipline may be implemented before the completion of those procedures by the Hospital Executive Director when it is a reprimand or by the Corporate Director of Labor Relations when it is other than a reprimand.

Section 2.

It is understood that an HSO may be reassigned from medical responsibilities without a hearing when the HSO's continued presence is deemed to risk the successful operation of the hospital. Following such reassignment by either the Chief of Service or the Executive Director of the hospital, the Committee shall have the right to an immediate appeal to an arbitrator or arbitration board as hereinafter provided.

Section 3.

When disciplinary action against an HSO is contemplated either by a Chief of Service or Executive Director, written charges and proposed disciplinary action shall be presented by the Executive Director to the Committee and to such HSO, who shall be notified of the HSO's right to appear before the Executive Director or duly designated representative for the purpose of an informal hearing before such Executive Director or designee. The Executive Director shall have the right to affirm, rescind, or modify the charges and/or proposed action after such informal hearing.

Section 4.

In the event that the Executive Director does not rescind the charges and proposed disciplinary action, the HSO or Committee shall appeal to NYC H+H Director of Labor Relations or the Director's designee who will hold a conference with the HSO and the Committee. The Director shall issue a determination in writing to the HSO and the Committee affirming, rescinding or modifying the charges and the proposed disciplinary action.

Section 5.

The proposed decision of NYC H+H Director of Labor Relations shall become final unless the Committee requests in writing to the Office of Collective Bargaining, with simultaneous notice to NYC H+H and the Executive Director, within 10 days after the receipt of the decision of NYC H+H Director of Labor Relations, that said decision be submitted to arbitration pursuant to this Article XVII.

Section 6.

- a. Arbitration hereunder shall determine whether just cause or basis exists to sustain the charges and, if so, whether there is just cause or basis for the proposed disciplinary action. The

arbitrator shall be authorized to accept, reject, or modify the charges or proposed disciplinary action. The determination or award of the arbitration shall be final and binding and shall not add to, subtract from, or modify any contract, or any rule, regulation, existing authorized policy, or order mentioned in Section 1 (b) and (c) of Article XVI existing prior to the notice provided by Section 3 hereof.

At the request of both parties after the appointment of an arbitrator, or at the request of one party and the arbitrator, there shall be constituted a tripartite arbitration board consisting of the impartial arbitrator, a physician or dentist designated by the Committee, and a physician or dentist designated by NYC H+H. The arbitrator shall be the chairperson and presiding member of the arbitration board and shall be the only voting member of the arbitration board. The determination or award of the arbitration board shall be final and binding and shall not add to, subtract from, or modify any contract, rule, regulation, authorized existing policy, or order mentioned in Section 1 (b) and (c) of Article XVI existing prior to the notice provided by Section 3 hereof.

Any formal remediation plan should be in writing and include a reasonable timeframe as determined by the Program Director and or Chief of Service with specific goals for improvement and a specific plan to achieve these goals. The HSO shall be given a copy of the remediation plan and have the opportunity to discuss the plan with program Director. The HSO will be allowed to file, in writing, a rebuttal/ response to the evaluation of substandard performance as part of their personnel file, but will not impact the decision for remediation. The HSO may also be assigned a mentor (attending physician) from within the program to facilitate adherence and successful fulfillment of the remediation plan. The Remediation Plan should serve as an educational tool to assist the HSO in meeting the required performance standards. HSO's should be offered the opportunity to have CIR representation in meetings with the employer to discuss their remediation plan.

Section 9. Probation

Effective, March 26, 2020, if an HSO is placed on probation (Probation defined as a process that places the HSO into a "trial period" to evaluate performance and provide necessary, outlined, performance improvements) for any reason, that action must be in writing and include: a summary of the reasons for the action, the area(s) of performance to be improved, a summary of the criteria for judging adequate improvement, and the date upon which the probation will be reviewed. Probation cannot be imposed until the HSO has received notice either in person or to his/her email address. The HSO shall be given a copy of the probation and have the opportunity to discuss the plan with program Director. HSO will have the ability to submit a written rebuttal, but that will not change probationary status. HSO should be made aware that he/she has right to CIR representation in all Probationary meetings.

The Employer is not required to place HSO's on a remediation plan and/or probation to pursue disciplinary charges and reserves its rights to proceed directly to discipline in situations where it deems appropriate.

Subject to the availability of funds and the concurrence of the Executive Director, the proposal shall also recommend reasonable measures to be taken to make the lounge area clean and secure and to set forth a projected timetable for completion. House Staff appreciation activities will highlight the contributions of House Staff members to the healthcare system in New York City, serve as a vehicle through which the issue of resident well-being is brought to the forefront and addressed, and boost Resident morale. The event shall include recognition of House Staff members for outstanding contributions and achievement, including in the areas of research, community engagement, academic and other accomplishments as may be determined by a working group comprising H+H and CIR representatives.

H+H will support the holding of House Staff Appreciation Days and CIR will have a total of \$150,000 available to be spent in a mutually agreeable manner as set forth in Paragraph 4 (i)(e) of the parties MOA dated December 13, 2019 to support the activities of the House Staff Appreciation Days

House Staff Officers (employed by NYC H+H) or by the Committee of Interns and Residents. The committee will make recommendations for guidelines and beepers to be used in corporate facilities.

Section 2.

May 5, 2014

Harry Nespoli
Chair, Municipal Labor Committee
125 Barclay Street
New York, NY 10007

Dear Mr. Nespoli:

This is to confirm the parties' mutual understanding concerning the following issues:

1. Unless otherwise agreed to by the parties, the Welfare Fund contribution will remain constant for the length of the successor unit agreements, including the \$65 funded from the Stabilization Fund pursuant to the 2005 Health Benefits Agreement between the City of New York and the Municipal Labor Committee.
2. Effective July 1, 2014, the Stabilization Fund shall convey \$1 Billion to the City of New York to be used to support wage increases and other economic items for the current round of collective bargaining (for the period up to and including fiscal year 2018). Up to an additional total amount of \$150 million will be available over the four year period from the Stabilization Fund for the welfare funds, the allocation of which shall be determined by the parties. Thereafter, \$ 60 million per year will be available from the Stabilization Fund for the welfare funds, the allocation of which shall be determined by the parties.
3. If the parties decide to engage in a centralized purchase of Prescription Drugs, and savings and efficiencies are identified therefrom, there shall not be any reduction in welfare fund contributions.
4. There shall be a joint committee formed that will engage in a process to select an independent healthcare actuary, and any other mutually agreed upon additional outside expertise, to develop an accounting system to measure and calculate savings.

5. The MLC agrees to generate cumulative healthcare savings of \$3.4 billion over the course of Fiscal Years 2015 through 2018, said savings to be exclusive of the monies referenced in Paragraph 2 above and generated in the individual fiscal years as follows: (i) \$400 million in Fiscal Year 2015; (ii) \$700 million in Fiscal Year 2016; (iii) \$1 billion in Fiscal Year 2017; (iv) \$1.3 billion in Fiscal Year 2018; and (v) for every fiscal year thereafter, the savings on a citywide basis in health care costs shall continue on a recurring basis. At the conclusion of Fiscal Year 2018, the parties shall calculate the savings realized during the prior four-year period. In the event that the MLC has generated more than \$3.4 billion in cumulative healthcare savings during the four-year period, as determined by the jointly selected healthcare actuary, up to the first \$365 million of such additional savings shall be credited proportionately to each union as a one-time lump sum pensionable bonus payment for its members. Should the union desire to use these funds for other purposes, the parties shall negotiate in good faith to attempt to agree on an appropriate alternative use. Any additional savings generated for the four-year period beyond the first \$365 million will be shared equally with the City and the MLC for the same purposes and subject to the same procedure as the first \$365 million. Additional savings beyond \$1.3 billion in FY 2018 that carry over into FY 2019 shall be subject to negotiations between the parties.

6. The following initiatives are among those that the MLC and the City could consider in their joint efforts to meet the aforementioned annual and four-year cumulative savings figures: minimum premium, self-insurance, dependent eligibility verification audits, the capping of the HIP HMO rate, the capping of the Senior Care rate, the equalization formula, marketing plans, Medicare Advantage, and the more effective delivery of health care.

7. Dispute Resolution

- a. In the event of any dispute under this agreement, the parties shall meet and confer in an attempt to resolve the dispute. If the parties cannot resolve the dispute, such dispute shall be referred to Arbitrator Martin F. Scheinman for resolution.
- b. Such dispute shall be resolved within 90 days.
- c. The arbitrator shall have the authority to impose interim relief that is consistent with the parties' intent.
- d. The arbitrator shall have the authority to meet with the parties at such times as the arbitrator determines is appropriate to enforce the terms of this agreement.
- e. If the parties are unable to agree on the independent health care actuary described above, the arbitrator shall select the impartial health care actuary to be retained by the parties.
- f. The parties shall share the costs for the arbitrator and the actuary the arbitrator selects.

If the above accords with your understanding and agreement, kindly execute the signature line provided.

Sincerely,

Robert W. Linn

Harry Nespoli, Chair
Municipal Labor Committee
125 Barclay Street
New York, New York

Dear Mr. Nespoli:

1. This is to confirm the parties' mutual understanding concerning the health care agreement for Fiscal Years 2019 – 2021:
 - a. The MLC agrees to generate cumulative healthcare savings of \$1.1 billion over the course of New York City Fiscal Years 2019 through 2021. Said savings shall be generated as follows:
 - i. \$200 million in Fiscal Year 2019;
 - ii. \$300 million in Fiscal Year 2020;
 - iii. \$600 million in Fiscal Year 2021, and
 - iv. For every fiscal year thereafter, the \$600 million per year savings on a citywide basis in healthcare costs shall continue on a recurring basis.
 - b. Savings will be measured against the projected FY 2019-FY 2022 City Financial Plan (adopted on June 15, 2018) which incorporates projected City health care cost increases of 7% in Fiscal Year ("FY") 2019, 6.5% in FY 2020 and 6% in FY 2021. Non-recurring savings may be transferrable within the years FY 2019 through FY 2021 pursuant only to 1(a)(i), 1(a)(ii), 1(a)(iii) above. For example:
 - i. \$205 million in FY 2019 and \$295 million in FY 2020 will qualify for those years' savings targets under 1(a)(i) and 1(a)(ii).
 - ii. \$210 million in FY 2019, \$310 million in FY 2020, and \$580 million in FY 2021 will qualify for those years' savings targets under 1(a)(i), 1(a)(ii), 1(a)(iii).
 - iii. In any event, the \$600 million pursuant to 1(a)(iv) must be recurring and agreed to by the parties within FY 2021, and may not be borrowed from other years.

- c. Savings attributable to CBP programs will continue to be transferred to the City by offsetting the savings amounts documented by Empire Blue Cross and GHI against the equalization payments from the City to the Stabilization Fund for FY 19, FY 20 and FY 21, unless otherwise agreed to by the City and the MLC. In order for this offset to expire, any savings achieved in this manner must be replaced in order to meet the recurring obligation under 1(a)(iv) above.
 - d. The parties agree that any savings within the period of FY 2015 - 2018 over \$3.4 billion arising from the 2014 City/MLC Health Agreement will be counted towards the FY 2019 goal. This is currently estimated at approximately \$131 million but will not be finalized until the full year of FY 2018 data is transmitted and analyzed by the City's and the MLC's actuaries.
 - e. The parties agree that recurring savings over \$1.3 billion for FY 2018 arising under the 2014 City/MLC Health Agreement will be counted toward the goal for Fiscal Years 2019, 2020, 2021 and for purposes of the recurring obligation under 1(a)(iv) above. This is currently estimated at approximately \$40 million but will not be finalized until the full year of FY 2018 data is transmitted and analyzed by the City's and the MLC's actuaries. Once the amount is finalized, that amount shall be applied to Fiscal Years 2019, 2020, 2021 and to the obligation under 1(a)(iv).
2. After the conclusion of Fiscal Year 2021, the parties shall calculate the savings realized during the 3 year period. In the event that the MLC has generated more than \$600 million in recurring healthcare savings, as agreed upon by the City's and the MLC's actuaries, such additional savings shall be utilized as follows:
- a. The first \$68 million will be used by the City to make a \$100 per member per year increase to welfare funds (actives and retirees) effective July 1, 2021. If a savings amount over \$600 million but less than \$668 million is achieved, the \$100 per member per year (actives and retirees) increase will be prorated.
 - b. Any savings thereafter shall be split equally between the City and the MLC and applied in a manner agreed to by the parties.
3. Beginning January 1, 2019, and continuing unless and until the parties agree otherwise, the parties shall authorize the quarterly provision of the following data to the City's and MLC's actuaries on an ongoing quarterly basis: (1) detailed claim-level health data from Emblem Health and Empire Blue Cross including detailed claim-level data for City employees covered under the GHI-CBP programs (including Senior Care and Behavioral Health information); and (2) utilization data under the HIP-HMO plan. Such data shall be provided within 60 days of the end of each quarterly period. The HIP-HMO utilization data will also be provided to the City's and MLC's actuaries within 60 days of the execution of this letter agreement for City Fiscal Year 2018 as baseline information to assess ongoing savings. The HIP-HMO data shall include: (i) utilization by procedure for site of service benefit changes; (ii) utilization by disease state, by procedure (for purposes of assessing Centers of Excellence); and (iii) member engagement data for the Wellness program, including stratifying members by three tranches (level I, II and III). The data shall include baseline data as well as data regarding the assumptions utilized in determining expected savings for comparison. The data described in this paragraph shall be provided pursuant to a data sharing agreement entered into by the City and MLC, akin to prior data agreements, which shall provide for the protection of member privacy and related concerns, shall cover all periods addressed by this Agreement (i.e., through June 30, 2021 and thereafter), and shall be executed within thirty days of the execution of this letter agreement.

4. The parties agree that the Welfare Funds will receive two \$100 per member one-time lump-sum payments (actives and retirees) funded by the Joint Stabilization Fund payable effective July 1, 2018 and July 1, 2019.
5. The parties recognize that despite extraordinary savings to health costs accomplished in the last round of negotiations through their efforts and the innovation of the MLC, and the further savings which shall be implemented as a result of this agreement, that the longer term sustainability of health care for workers and their families, requires further study, savings and efficiencies in the method of health care delivery. To that end, the parties will within 90 days establish a Tripartite Health Insurance Policy Committee of MLC and City members, chaired by one member each appointed by the MLC and the City, and Martin F. Scheinman, Esq. The Committee shall study the issues using appropriate data and recommend for implementation as soon as practicable during the term of this Agreement but no later than June 30, 2020, modifications to the way in which health care is currently provided or funded. Among the topics the Committee shall discuss:
 - a. Self-insurance and/or minimum premium arrangements for the HIP HMO plan.
 - b. Medicare Advantage- adoption of a Medicare Advantage benchmark plan for retirees
 - c. Consolidated Drug Purchasing- welfare funds, PICA and health plan prescription costs pooling their buying power and resources to purchase prescription drugs.
 - d. Comparability- investigation of other unionized settings regarding their methodology for delivering health benefits including the prospect of coordination/cooperation to increase purchasing power and to decrease administrative expenses.
 - e. Audits and Coordination of Benefits- audit insurers for claims and financial accuracy, coordination of benefits, pre-65 disabled Medicare utilization, End Stage Renal Disease, PICA, and Payroll Audit of Part Time Employees.
 - f. Other areas- Centers of Excellence for specific conditions; Hospital and provider tiering; Precertification Fees; Amendment of Medicare Part B reimbursement; Reduction of cost for Pre-Medicare retirees who have access to other coverage; Changes to the Senior Care rate; Changes to the equalization formula.
 - g. Potential RFPs for all medical and hospital benefits.
 - h. Status of the Stabilization Fund.

The Committee will make recommendations to be considered by the MLC and the City.

6. The joint committee shall be known as the Tripartite Health Insurance Policy Committee (THIPC) and shall be independent of the existing "Technical Committee." The "Technical Committee" will continue its work and will work in conjunction with the THIPC as designated above to address areas of health benefit changes. The Technical Committee will continue to be supported by separate actuaries for the City and the MLC. The City and the MLC will each be responsible for the costs of its actuary.
7. In the event of any dispute under sections 1-4 of this Agreement, the parties shall meet and confer in an attempt to resolve the dispute. If the parties cannot resolve the dispute, such dispute shall be referred to Martin Scheinman for resolution consistent with the dispute resolution terms of the 2014 City/MLC Health Agreement:
 - a. Such dispute shall be resolved within 90 days.

- b. The arbitrator shall have the authority to impose interim relief that is consistent with the parties' intent.
- c. The arbitrator shall have the authority to meet with the parties as such times as is appropriate to enforce the terms of this agreement.
- d. The parties shall share the costs for the arbitrator (including Committee meetings).

If the above conforms to your understanding, please countersign below.

Sincerely,

Robert W. Linn

APPENDIX G

Mr. Earl Mathurin
Associate Director
Committee of Interns and Residents
10-27 46th Avenue, Suite 300-2
Long Island City, New York 11101

Dear Mr. Mathurin:

A Security Issues Committee shall be established at each NYC Health + Hospitals facility to consider security issues which relate to the personal security of hospital employees. The Security Issues Committee will include a representative of the Committee of Interns and Residents (CIR), and will be chaired by the institution's Director of Security, or the designee of the institution's Executive Director. The chairperson of the committee will make a report and recommendation to the Executive Director on employee personal security issues which have been submitted to the committee. Where there is an existing committee in a facility with jurisdiction over employee security issues, the committee will continue to consider such matters and will include a CIR representative, and no new committee will be established.

The parties recognize that, due to the unique circumstances of House Staff work hours, schedules, and assignments, there are issues of particular concern to House Staff Officers related to personal and property security. Accordingly, NYC H+H's Assistant Vice President for Security shall meet with representatives of the CIR to discuss such concerns and any comments and proposals submitted by CIR to address them. The Assistant Vice President shall conduct such study or review of these items as may be appropriate and shall, as soon as practicable but not later than ninety (90) days after any such meeting, report his/her findings and recommendations, a copy of which shall be sent to the CIR.

The matters set forth herein took effect upon the date of execution of the 2010-2018 Interns and Residents Agreement.

Very truly yours,

ANDREA G. COHEN

Dear Mr. Mathurin:

The parties to this agreement recognize that the timely completion of charts is in the best interests of NYC H+H, the patients whom it serves, and its employees. Nevertheless, the duties of House Staff Officers often result in delaying the completion of charts. It is therefore agreed that a committee will investigate and study the reasons for delaying the completion of charts and propose solutions therefor.

The Committee shall consist of representatives of the Committee of Interns and Residents and the Central Offices of the Vice Presidents responsible for Medical and Professional Affairs and Corporate Affairs.

The matters set forth herein took effect upon the date of execution of the 2010-2018 Interns and Residents Agreement.
