FY 2008 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2008 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2008 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2008 the boards sought new or continued funding for 1,608 capital projects.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,304 expense requests.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2008 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

08	106200202E	<p>Request: Purchase Needed Equipment for Local Firefighters, Including Hydrdraulic Re-Bar Cutters.</p> <p>Explanation: The safety of our local fire continue to be put at risk due to the shortage and or non-availability of certain equipments and tools. This includes escape ropes, state of the art communication radios and Re-Bar Cutters. Window security gates often prevent firefighters from gaining quick and immediate access to apartments so that they may extinguish fires and rescue civilians. Hydrdraulic re-bar cutters which aid in the removal of window security gates would provide the firefighters with an additional much needed tool to address this common problem. Similiarly, we have learned from recent tragedies, such as 9/11, that state-of-the-art communication raidios are needed while a recent news-making fire in East Tremont showed the need for functioning escape ropes.</p> <p>Responsible Agency: Fire Department</p>	<p>The agency will try to accommodate this issue within existing resources. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For The Executive Budget
Fiscal Year 2008

Brooklyn

The City of New York
Michael R. Bloomberg, *Mayor*

FY 2008 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2008 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2008 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2008 the boards sought new or continued funding for 1,608 capital projects.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,304 expense requests.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2008 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the Financial Plan FY 2007 – 2011.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the Financial Plan FY 2007 – 2011.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

20	206200512E	<p>Request: Expansion of Services to Victims of Domestic Violence.</p> <p>Explanation: Additional funding is requested to expand the spectrum of services that provide assistance to victims of domestic violence - from counseling to protection to shelter - in order to ensure that adequate resources exist to help this vulnerable population in need. Outreach and promotional materials are needed to reach the population, provide them with convenient access to services and help educate communities on the importance of these services to remove any fear and stigma that may be attached to these facilities.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA requested and was allocated funding for the development of additional domestic violence programs. We continue to welcome proposals for domestic violence facilities as they are developed by service providers.</p>
21	206200602E	<p>Request: Regional Trolley/Light Rail Transit Options Study.</p> <p>Explanation: Sufficient funds are requested to undertake a regional study of the feasibility and potential installation of trolley/light rail transit service through the western portion of our district. Red Hook is generally poorly served by public transportation and, to accompany new development occurring in the community, could benefit from improved transit options that reduce reliance on individual motor vehicles. Such a service could extend to Downtown Brooklyn and be used as an economic development tool to enable more customers and employees to travel between the two areas, as a tourist attraction that features the Brooklyn waterfront, and as a traffic mitigation measure that would provide mass transit alternatives.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

22	206199703E	<p>Request: Expansion of Waterfront Enforcement Division.</p> <p>Explanation: Sufficient funds are requested to hire additional Waterfront Enforcement Division personnel, currently 4 persons citywide, to ensure that adequate coverage of the City's 578 miles of waterfront will be preserved and protected. Waterfront Enforcement Division personnel are responsible for enforcing the City's building code for waterfront properties, some of the most valuable and sensitive properties in the City. This would be a good way to reverse the trend of neglect suffered by the City's lack of waterfront development policies over the past few decades, and signify a commitment to the renewed importance of the City's waterfront as an asset and resource to draw from.</p> <p>Responsible Agency: Dept of Small Business Services</p> <p>Supported by: Metropolitan Waterfront Alliance</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
23	206199401E	<p>Request: Expansion of Landmarks Inspection Personnel.</p> <p>Explanation: Sufficient funds are requested to provide for the hire of additional Landmarks inspection enforcement Personnel to address complaint investigations, improve upon agency response times to requested inspections, and foster increased compliance with landmark regulations. Given the expansion of the role of the agency through the broadening of their enforcement powers, an accompanying increase of personnel is necessary to carry out the agency's additional enforcement responsibilities.</p> <p>Responsible Agency: Landmarks Preservation Commission</p> <p>Supported by: Cobble Hill Association</p>	<p>The agency will try to accommodate this issue within existing resources. 24	206200405E	<p>Request: Increase Frequency for Replacing Fleet Vehicles (NYPD).</p> <p>Explanation: Sufficient funds are requested to ensure the timely replacement of fleet vehicles including RMP's , vans, undercover cars, unmarked vans, 2-wheel scooters, 3-wheel scooters, and bicycles. Increasing the frequency of replacing fleet vehicles should ultimately lead to a more efficient use of vehicles that would be in service a greater portion of the time and require less maintenance over the life of the vehicle. Also, resale value of used vehicles would be higher, resulting in enhanced revenue for the City.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: Vehicles are replaced within funding constraints of the NYPD.</p>
25	206200702E	<p>Request: Increase Frequency for Replacement of Fleet Vehicles (Parks)</p> <p>Explanation: Sufficient funds are requested to ensure the timely replacement of fleet vehicles used in the service of our public parks properties including collection vehicles, repair vehicles, enforcement patrol vehicles, pickup trucks, etc.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2008, but at this time the availability of funds is uncertain.</p>

Acquire the Air Rights Over the Long Island Railroad to House Trailers Which Can Then Be Used, After Construction, as a Parking Lot for the New 66th Precinct.</p> <p>Explanation: Although some construction has occurred at the Precinct, these modest renovations are only band-aid in nature. Much more is needed to improve working conditions. Good working conditions are conducive to fostering good police work. Additional space is needed to house police officers and civilians and can only be accomplished by demolishing the present site and building and new state of the art building. Money saved by not having to acquire land will pay for a new building. There is no available land, private or City owned, in this district. Air rights over the LIRR can be used to house trailers during demolition and construction and then be used as a parking lot for personnel. 03	212200808C	<p>Request: Build a Sound Barrier on Back of Annex Lot Which Will be Used as a Parking Lot for BK12 Trucks.</p> <p>Explanation: With Annex building already demolished and intended use of this lot for parking trucks, it is imperative that a sound barrier be built in back of this lot which abuts the private homes on Dahl Court. We have been inundated with complaints concerning noise and pollution from these trucks in the early morning hours when trucks are revving up. Many of these homes were purchased when the Annex was still on this lot and all trucks were housed there. Homes are expensive and owners put a lot of money into them. They were not aware that the Annex would be demolished and the lot would be opened for parking of Sanit. trucks. Without this sound barrier, noise pollution will become a major problem and will greatly affect the quality of life for these homeowners.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Council Districts: 44</p>	<p>Further study by the agency of this new request is needed. 04	212200702C	<p>Request: Remove Bocci Court at Brizzi Park and Make This Park a Comfort Station Park/Maintenance Area.</p> <p>Explanation: The Bocci Court at this location is never used and because there are a number of homeless that use this Park, especially at night, the Court is used as a urinal and for defecation by the homeless. This Park is used by many children including those in a nearby school for children with autism. This Bocci Court is not conducive to a safe or healthy environment for those using the Park, especially children. As new families have moved into the area, this playground has become very popular. This Park needs to be made into a Comfort Station Park/Maintenance area which is staffed with full time personnel. This would greatly benefit the entire neighborhood and at the same time, allow the site to be a fixed post playground.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 39</p> <p>Supported by: Shema Kolainu - Hear My Voice School for Autism Council of Neighborhood Org.</p>	<p>Available funds are insufficient for this project. 05	212200601C	<p>Request: Construct Public Restrooms in Playground Area of Col. Marcus Park - East 5th Street.</p> <p>Explanation: Numerous children and adults must cross East 5th Street to go to the other side of the Park in order to use the restrooms. This is a highly trafficked street and with a high volume of pedestrian traffic going back and forth to use the restrooms on the other side, a safety problem has been created. A restroom, especially for the children using this park, is an essential to this playground. This past year, more and more children and adults have been using the Ballfield. The need for a restroom inside the playground has become imperative and with the crossing back and forth of pedestrians, this has become a major safety issue for all.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 44</p> <p>Budget Line: P-1058</p> <p>Project Id(s): P-2121058</p> <p>Supported by: East 5th Street Block Assoc. 07	212200602C	<p>Request: Construct Pedestrian Overpass on Ocean Parkway and Church Avenue and/or Open Up the Underground Tunnel Which has been Sealed Under this Roadway.</p> <p>Explanation: This intersection, especially for senior citizens, is a nightmare for pedestrians to cross. Pedestrians can stand for light after light before they can cross and cannot traverse the entire crossway. Most must get to the Ocean Parkway Mall and then wait again for light after light to traverse the rest of the way. This is a matter of public safety. Area residents state that either an overpass or underground tunnel would be heavily used by pedestrians as it is now impossible to cross Ocean Parkway without having to wait for long periods between lights to get to the other side. This crossing is especially hard for senior citizens.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 39</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

17	217198424E	<p>Request: Allocate Funding for the Revitalization of the Church and Nostrand Avenues Business Areas.</p> <p>Explanation: Nostrand Avenue, between Linden Boulevard and Synder Avenue and Church Avenue, between Brooklyn and Rogers, form a very active business community whose hub contains the IRT Church Avenue Station and two major bus lines. We urge funding for proposals to be submitted by its sponsor, Erasmus Neighborhood Federation. Please assist the merchants in their efforts to form a BID.</p> <p>Responsible Agency: Dept of Small Business Services</p>	<p>Sponsor group should apply to agency through its funding process. Call DSBS for more details.</p>
18	217200701E	<p>Request: Acquire Property (Lease or Purchase) for Another Police Outpost Within Community District 17. Presently There is a Vacant Property at 5906 Church Avenue, Brooklyn.</p> <p>Explanation: There is a great need for another outpost in Community District 17. The 67th Police Precinct is the only Precinct that provides coverage for Community District 17. Traffic congestion when responding to emergencies in the East 90's, has greatly impeded the response time.</p> <p>Responsible Agency: Police Department</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For The Executive Budget
Fiscal Year 2008

Manhattan

The City of New York
Michael R. Bloomberg, *Mayor*

FY 2008 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2008 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2008 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2008 the boards sought new or continued funding for 1,608 capital projects.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,304 expense requests.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2008 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the Financial Plan FY 2007 – 2011.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the Financial Plan FY 2007 – 2011.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

01	301200702C	<p>Request: Construct New Middle School in Community Board #1.</p> <p>Explanation: The dramatic growth in our residential population mandates that we create additional local schools to serve the children of our district. Approximately 13,000 new residential units came on line in Community Board #1 since 2000 and we are aware of over 7000 additional units slated for construction over the next two years. We have only a couple of hundred middle schools seats in Community Board #1 so a new middle school is needed.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 1</p> <p>Budget Line: E-2362</p> <p>Supported by: PS 234, PTA PS 89, PTA</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

03	301198803C	<p>Request: Construct a Lower Manhattan bus parking facility for commuter and non-WTC buses.</p> <p>Explanation: According to a May 1988 report by DOT, 725 express buses enter Lower Manhattan daily. The study projected up to 925 buses by 1995 & 1165 by 2005. In addition, hundreds of tour buses enter our district every day. These buses contribute significantly to traffic congestion and pedestrian hazards. Community Board #1 strongly endorses the conclusion of the report which recommends the creation of a passenger terminal with bus storage facilities at the current Battery Parking Garage site. It's time to build a bus storage facility at this site or elsewhere to get the hundreds of non-WTC buses off our narrow, congested streets.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Alliance for Downtown New York Wall Street Rising</p>	<p>City parking facilities are being sold by NYCDOT in conjunction with NYCEDC. This initiative precludes NYCDOT from allocating funds for the purchase of properties and subsequent construction of parking facilities.</p>
04	301200506C	<p>Request: Funding to rebuild Pearl Street Park, Barnett Newman Triangle and enhance the Greening of Greenwich Street area.</p> <p>Explanation: The creation of new and attractive parks is essential to the revitalization of Lower Manhattan. With an estimated 25,000 new residents expected to move to our district between 2000 and 2005, new and improved parks are essential. Each of these spaces should and must be funded and improved.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 1</p> <p>Supported by: Friends of Greenwich Street Tribeca Community Association</p>	<p>Available funds are insufficient for this project. 05	301199703C	<p>Request: Reconstruct Fulton St. (between Broadway and Water St.) and Nassau St. (between Maiden Lane and Spruce St.) including new sidewalks, lighting and streetscape improvements.</p> <p>Explanation: Fulton Street is one of Lower Manhattan's busiest thoroughfares, connecting the World Trade Center site to the South Street Seaport. It is in great need of reconstruction particularly to address pedestrian needs since it is a pedestrian mall between 11 AM-2 PM daily. The City has put forth a plan to make major improvements along Fulton Street. Reconstructing the street would be a good place to start. Nassau Street also is an important retail artery in need of restoration.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Seaport Community Coalition Southbridge Towers</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the scope is now underway.</p>

CS	301199404C	<p>Request: Reconstruct and Restore Cobblestone Streets within Historic District: Moore Street, N. Moore St. (Greenwich/Hudson), Franklin St. (Greenwich/Varick), Leonard St. (Hudson/West Broadway), Beach St. (Greenwich/Hudson), Staple St. (Duane/Harrison), Vestry St. (West/Hudson), Hubert St. (Greenwich/Hudson), Collister Alley (Laight/Beach) and Duane St. (Greenwich/Hudson).</p> <p>Explanation: A major feature which characterizes Lower Manhattan is its cobblestone roadways which date back to the 1800's and early 1900's. Areas which contain cobblestone roads are some of the most vibrant parts of NYC. Residents, workers, thousands of visitors and movie production companies treasure these streets and want them preserved. CB #1 believes it is incredibly shortsighted of the City to recklessly destroy these valuable historic features, particularly in and around historic districts.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Tribeca Community Association</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

CS	301200101C	<p>Request: Construct new K-8 school on Beekman Street.</p> <p>Explanation: Our local schools are overcrowded & with 13,000 new residential units scheduled for completion between 2000 and 2005 here in Lower Manhattan, this problem will grow far worse. Excellent schools played a prime role in attracting new families to our district. If the City wants to spur additional residential growth, and it does, it must build an additional elementary and middle school immediately.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 1</p> <p>Budget Line: E-2362</p> <p>Project Id(s): A00017356, A00017357, A00017358</p> <p>Supported by: PS 234, PTA Alliance for Downtown New York</p>	<p>This capital project is included in the Executive Budget for the out years. CS	301200201C	<p>Request: Construct a connection between the East River Bikeway/Walkway and the Battery Park City esplanade.</p> <p>Explanation: There are currently esplanades/bikeways running along both the East River and Hudson River starting at the Battery and running northward. There is, however, no connection between these two which would enable travelers to go around the Battery and proceed onto the other side of Manhattan. It has long been a goal of many organizations to create a continuous waterfront esplanade and bikeway around Manhattan. The small connection between these two esplanades/bikeways at the Battery would be a major step towards realizing this goal.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 1</p> <p>Supported by: Alliance for Downtown New York Battery Park City Authority</p>	<p>Available funds are insufficient for this project. An off-street facility to park these buses must be incorporated into the plans for the site or else buses blocking streets and spewing pollution will be the most evident element of the new World Trade Center. 03	301199902E	<p>Request: Increase personnel for day, night and weekend for building and construction site inspections (enforcement teams).</p> <p>Explanation: CB #1 receives many complaints each week concerning illegal, loud night and weekend construction in our district. These complaints cannot presently be addressed by the tiny number of DOB inspectors assigned during these hours. 04	301199602E	<p>Request: Increase personnel of 1st Pct. for quality of life issues such as idling and vendors.</p> <p>Explanation: Lower Manhattan has become a vibrant 24 hour community with a large and ever growing residential population. There is heavy demand on our sole, free City-funded program, and it needs to be expanded. The limited DYS funded programs that do exist in CB #1 have not seen an increase in funding in over 10 years. It impacts not only the homeless themselves but negatively impacts the quality of life of communities such as ours. Clearly, the homeless require many services which would result in getting them off the street and into permanent housing including job training, alcohol and substance abuse counseling, and mental health counseling. The Renovation Should Include the Comfort Station Which Should Be Made Fully Accessible to the Disabled, as per the Guidelines Specified in the Americans with Disabilities Act ("ADA").</p> <p>Explanation: This heavily-used park, which is a major tourist attraction and principal venue for active and passive recreation by many residents and students, is sorely in need of a major facelift. This is a dangerous intersection for pedestrian crossing particularly on the south side of 7th Ave. due to cars turning from Bleecker and going down 7th Ave. An NYC DOT study of the intersection at Mulray Square resulted in significant improvements to a similar intersection. CB#2 requests that the NYC DOT install bollards of an appropriate historic design at the northeast corner along Bleecker Street and at the southeast corner along 7th Avenue and along Bleecker Street.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 3</p>	<p>OMB supports the agency's position as follows: This capital project is included within an agency lump sum for the out years.</p>

03	302200010C	<p>Request: Purchase Portable Weight and Measuring Equipment (Scale) to Weigh Trucks in Lower Manhattan, Esp. for Canal Street, Houston, and Broome Streets.</p> <p>Explanation: Currently, Manhattan has only one portable scale and it is used primarily near the George Washington Bridge. Meanwhile, numerous oversized and over-weight trucks go through Lower Manhattan, esp. Canal Street on their way to the Holland Tunnel. While traffic enforcement is currently deployed there, they are handicapped through lack of proper measuring equipment. These trucks damage Soho's Cast Iron District.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 1, 2, 3</p>	<p>OMB supports the agency's position as follows: This NYPD request is funded.</p>

The Gansevoort, Greenwich Street, Little West 12th Street convergence represents one of the few remaining artistically paved, large Belgian Block areas that can best be described as a New York City "Piazza". We are hoping to restore the Belgian Blocks where they are missing and/or damaged, to this historically important area.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 3</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

We applaud installation of a lift in the in-ground pool to allow access by individuals who are mobility disabled. 01	302200002E	<p>Request: Fund to Create Assisted-Living Services for Moderate and Low Income Elderly Citizens Including Help with Shopping, Cleaning, Cooking and Other Everyday Functions.</p> <p>Explanation: Many seniors who strongly desire to remain independent and avoid institutionalization are hampered in their effort to live self-reliantly by the lack of a helping hand. Moreover, in a rental market where the ability of building owners to achieve substantial increases in income is often dependent on "turning over" apartments, the moderate incapacity of some elderly citizen may be used by some owners to leverage the removal of seniors from longtime domiciles and replace them with higher-paying tenants. For reasons of humanity and fiscal good sense, it is better to finance help for seniors who need it than to subsidize their residence in nursing homes.</p> <p>Responsible Agency: Department for the Aging</p>	<p>Further study by the agency of this new request is needed. Therefore, OMB does not take any position.</p>
02	302200003E	<p>Request: Provide Funding for Development & Training for a Defibrillator Pilot Program to Increase Survival Rates Following Cardiac Arrest Incidents in Our Area.</p> <p>Explanation: The proposal would fund a pilot program to allow cardiac difibrillators to be made available in commercial establishments and residentia buildings in order to improve the very low (2%) survival rate now experienced in our area following cardiac arrest. The machines would be obtained and training offered by St. Vincents Hospital and the program would allow very rapid response to stabilize patients until EMS personnel arrive. Very often survival is decided by the number of minutes/seconds between onset and the administration of emergency care. The program would reduce the negative effect of NYC realities (i.e. heavy traffic, high-rise buildings with access problems, etc.) which are largely responsible for making our survival rate so poor.</p> <p>Responsible Agency: Fire Department</p>	<p>The agency will try to accommodate this issue within existing resources. 03	302200007E	<p>Request: Allocate Funding for Increased Zoning Enforcement, Safety Inspections, and Review of Applications for Special Districts, Such as Little Italy, Soho, Noho, the Holland Tunnel Area, and Residential Areas with Commercial Overlay.</p> <p>Explanation: The Dept. of Buildings has been unable to keep up with increased construction in the CB 2 area. In particular, inspectors have to apply special considerations to unusual districts such as MISA, areas near arterial highways, and Little Italy. Additionally, a need exists for increased and proactive elevator and structural safety inspections.</p> <p>Responsible Agency: Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. 04	302200801E	<p>Request: Allocate funds to provide a continuous and increased police presence in the Gansevoort/14th Street area during the late evening and early morning hours.</p> <p>Explanation: CB 2 is concerned about quality-of-life issues stemming from the increase in nightlife activity in this area as a result of an increase in the number of clubs and bars. In addition, there have been complaints of drug-dealing in the area near the train station at Eighth Avenue and 14th Street.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
05	302200802E	<p>Request: Allocate funds to support the recommendations of the CB 2 co-sponsored study by the Greater Gansevoort Urban Improvement Project. In addition, funds should be allocated to provide further study for improvements to pedestrian safety and vehicular circulation in the Gansevoort Market area, if necessary.</p> <p>Explanation: The Gansevoort Market area has seen significant changes in the past several years. There has been a proliferation of the illegal signs, necessitating the hiring of additional enforcement agents to address this problem. The additional hires may also be used to allow a return to certification of buildings by DOB inspectors rather than self-certification by building owners, and to allow for better enforcement of use regulations in our residential, commercial and manufacturing districts.</p> <p>Responsible Agency: Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. 21	303200812C	<p>Request: Funding for a new Auxiliary Rescue Vehicle (APSU) vehicle which covers multiple precincts including Housing and Transit Districts.</p> <p>Explanation: The current Auxiliary Rescue Vehicle is a passenger van which is old and ill suited to carry personnel and equipment in a safe manner. A reliable new step van size truck, as they had in the past, that can carry adequate personnel and equipment will help the Auxiliary Police increase in size and thus be more active and better able to meet the requests by NYPD for services to the Community such as lighting and support of their ESU teams (Archangel, etc.). Past experience shows these trucks have a longer shelf life (25 years or more) and thus this will not be a re occurring request. Libraries are very important to this community and currently many people do not have an easily accessible library they can visit when not in school or working. In addition, there are many people living in doubled up or otherwise overcrowded conditions. A quiet place to study and read is needed.</p> <p>Responsible Agency: New York Public Library</p>	<p>OMB supports the agency's position as follows: NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. 24	303200716E	<p>Request: Increase Community Board Operating Budget to \$250,000.</p> <p>Explanation: Community Board 3 is one of the largest and most densely populated districts in the city. We have over 164,000 people and 43,000 of them require income assistance. Seventeen percent of our population is under 18 years of age and 13 percent are seniors. We are also very diverse; our community is primarily trilingual although our residents speak a multitude of languages. Over 26% of our residents require income assistance. To serve this community with many needs, and to advocate for our community while it is going through many changes due to gentrification, is very expensive. Our community has the dubious distinction of being one of the worst in the city in quality of life noise complaints. 03	306199902C	<p>Request: Equip all Police Vehicles with Defibrillators and Provide Training.</p> <p>Explanation: Defibrillator technology now allows persons with less training than an emergency medical technician to use the equipment effectively. The police are most often the first to arrive on the scene of a medical emergency, situations in which quick response is critical. Equipping police vehicles with defibrillators could save lives.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 2, 3, 4, 5</p>	<p>The agency will try to accommodate this issue within existing resources. 04	306200204C	<p>Request: Preserve Existing and Develop Additional Low and Moderate Income Housing in CD#6.</p> <p>Explanation: There is an insufficient supply of low and moderate income housing in this community. On sites where rezoning is required, HPD should ensure inclusionary zoning that will produce a significant amount of affordable housing (i.e. Con Ed site). In addition, there has been a consistent and continual loss of Mitchell Lama and Section 8 housing due to buy-out options (i.e. Waterside Plaza, Cooper Gramercy, Phipps Plaza Court, Booth House and East Midtown Plaza). A similar process is taking place at Peter Cooper and Stuyvesant Town due to "vacancy decontrol." These actions have resulted in a significant loss of low/moderate income housing units that have not been replaced.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Council Districts: 2, 3, 4, 5</p>	<p>OMB supports the agency's position as follows: This project is included in the ten-year plan.</p>

The Senior Centers try to meet this need, but they are not adequately funded by DFTA to accomplish this. We recommend: That DFTA reimburse agencies for the number of meals actually served, not for the number originally written into contracts. They provide structured prgrms for children whose parents work & help many students stay at grade levels. OST prgrms also keep children out of harms way. They are funded by public & private dollars. Summer 2005, City announced prgrms funded under the restructured DYCD OST prgrm. Our district lost funding for 10 prgrms, a lost of \$1.2 million. As a result, nearly 1,000 children are without after-school prgrms, including children in our public housing locations such as Lincoln Square Houses. The number of uniformed officers in our precincts and housing developments has been reduced to minimal levels (149 in the 20th; 156 in the 24th; and 128 in PSA6) To maintain the low crime statistics in the 7 major crimes as well as address illegal drug sales and quality of life complaints, CB7 seeks an increase in the number of civilian employees and restoration of uniformed patrol officers to fully staff community policing, sector patrols and special units - estimated to be an additional 75 officers per precinct in CD 7.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: City funding was provided to hire four hundred additional civilian personnel as part of the Civilianization Program. The out-reach program could identify such people through health centers, landlords, faith based groups, etc. They would develop links to the many agencies in the community which could provide services to people who were interested and facilitate the referrals. 08	307200805E	<p>Request: 8. Additional funds for the Office of Midtown Enforcement. \$100K</p> <p>Explanation: Additional staff is required to investigate the illegal conversion of single room occupancy (SROs) and residential hotels to tourist hotels. The quantity of decent, affordable housing stock is being eroded by unscrupulous landlords who are converting low-income housing to illegal hotels. This is a complex problem which involves several City Agencies (e.g. FDNY and DOB) whose codes are violated. It also involves HPD when SRO landlords treat tenants unfairly.</p> <p>Responsible Agency: Midtown Enforcement</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

09	307200401E	<p>Request: 9. Fund Additional Child Care.</p> <p>Explanation: According to citywide statistics, families in CD7 are provided with adequate child care; including Head Start, Day Care and Universal Pre-K. However, the data is deceptive because they are based on district-wide average demographics rather than neighborhood-specific needs. The need for subsidized child care, through direct program funding or vouchers, remains high in CD7. One example is the Bloomingdale Family Program, with 200 day care slots, which has funding shortfalls in classroom and office supplies.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Project in Coordination with: Department of Youth & Community Development</p>	<p>Further study by the agency of this new request is needed. Therefore, OMB does not take any position.</p>
10	307199311E	<p>Request: 10. Funding to Maintain Litter-Basket Service, and to Provide Additional Service at Night and on Weekends and Holidays.</p> <p>Explanation: CD7's 1,000 litter baskets are never empty and often they are overflowing. Continued basket service is essential, and additional service is needed on weekends and holidays. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. Additional service on the night shift, weekends and holidays would improve conditions when thousands of tourists are in the district.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

11	307200813E	<p>Request: 11. Support for Volunteers for Domestic Violence Victims</p> <p>Explanation: Programs have been developed to train volunteers to work with victims of sexual assault and domestic violence, but there are no City funds available to sustain them. Some programs have over a hundred volunteers, who need training, administrative support, and supervision from paid staff. Volunteers provide the warm supports needed by people suffering from trauma. Minimal funding is needed by the projects, such as \$20,000 per annum.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>While we as the Health Department are concerned about domestic violence and its effect on victims and their families, we do not have the capacity to fund efforts such as this one. The most appropriate agencies to approach concerning this need would be the Mayor's Office to combat domestic violence (http://www.nyc.gov/html/ocdv/html/home/home.shtml) and the New York State Office for the Prevention of Domestic Violence (http://www.opdv.state.ny.us/aboutopdv.html).</p>
12	307200806E	<p>Request: 12. Keep school playgrounds open to the public after school hours.</p> <p>Explanation: In CD7 there are 25 playgrounds attached to schools that currently are not open to the public and remain unused after school hours. Given the importance of exercise and current concerns about children and weight, CD7 believes opening these playgrounds is desirable.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Funding for this type of program is decided at the local level. Contact your local community school board or regional office.</p>
13	307200708E	<p>Request: 13. Restore the Block Grant Cut for the West Side Campaign Against Hunger.</p> <p>Explanation: This program has been serving 4,400 individuals in CD7 with food as well as case management. The Block Grant, which provided the bulk of the funding, was reduced from \$85,000 to \$20,000 in the last fiscal year. CD7 saw a reduction in all of its anti-poverty programs by over 60 percent.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>

14	307200520E	<p>Request: 14. Case Managers in SROs</p> <p>Explanation: City agencies which place their homeless clients in commercial SROs, (which have no supportive services,) on an emergency basis, should be required to provide on-site case managers to help find permanent housing, and to deal with the emergencies that placed their clients there.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>HRA no longer assigns staff to be outstationed in commercial SRO's. With regard to HRA services; if a person living in the SRO needs a service and is eligible to receive the service, s/he will receive same. This applies to all HRA services: income support, food stamps, medical assistance, Medicaid, homecare, protective services, domestic violence services and substance abuse services.</p>
15	307200807E	<p>Request: 15. Geriatric Mental Health Services</p> <p>Explanation: Many people develop mental health problems as they age. Severe depression is the most common. Funds are needed to adequately address this problem. They have been proposed in the past, but have never been fully funded. Programs need to be expanded in existing mental health programs.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>This request is too broad to address. Please contact the DOHMH with more specific details.</p>
16	307200704E	<p>Request: 16. Increase Funding for Materials in Various Languages at Branch Libraries and for Computers and Teen Books.</p> <p>Explanation: Circulation of books, videos, CDs and other materials increased 10% in the last year at the three branch libraries in CD7 (St. Agnes, Bloomingdale and Riverside.) As the population becomes more diverse, people are asking for materials in a wide variety of languages. Many immigrants turn to the NYPL for information and educational materials. There is also a need for additional computers and materials for the teen population.</p> <p>Responsible Agency: New York Public Library</p>	<p>OMB supports the agency's position as follows: NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. NYPL will continue to work through the City's budget process for needed funding. Contact NYPL for more information.</p>

17	307200808E	<p>Request: 17. Food Stamps</p> <p>Explanation: It is estimated that 37% of individuals eligible for Food Stamps are not enrolled in the program. CB7 asks HRA to develop a program that encourages the community to utilize this resource, enlisting the help of contract agencies and the media, which would result in lowering Medicaid costs for nutrition -based illnesses.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: Work on this initiative has already begun and we anticipate completion in the next fiscal year.</p>
18	307200104E	<p>Request: 18. Sanitation Enforcement Agent, 7 days per week.</p> <p>Explanation: In FY06, Department of Sanitation enforcement agents issued more than 6,000 health and administrative and 1,325 recycling summonses citywide. Sanitation agents inspect commercial and residential parts of the district at set times of the day. 7-day coverage is needed to ensure clean sidewalks for residents and visitors, and proper garbage storage to reduce rat infestation.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Funding for this project/program is baselined in the agency's expense budget.</p>
19	307200706E	<p>Request: 19. Fund Substance Abuse Treatment.</p> <p>Explanation: The majority of children in foster care placement come from families where there is substance abuse. Funding should be provided to address the needs of the birth parents, as well as to address the effects on the child of being brought up in a home with substance abusers. Pilot projects have demonstrated the positive effects of such a program.</p> <p>Responsible Agency: Administration of Children's Services</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

20	307200110E	<p>Request: 20. Continued funding for the Illegal Drug Enforcement Module and addition of a second module at the 24th Precinct.</p> <p>Explanation: The Special Initiatives and the 24th Precinct continue to reduce illegal drug sales on the streets and in buildings. Illegal drug sales continue to be a problem in the 24th Precinct. One special narcotics unit (module) at the 24th is essential, a second is needed to root out dealers and the organizations that support them.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's narcotics enforcement resources are deployed on a borough-wide basis and are available to all precincts within the borough. Specific complaints should be brought to the attention of the local precinct commander.</p>

Park Enforcement Personnel. \$36K/Officer.</p> <p>Explanation: Manhattan North above 59th Street (River to River, including Central and Riverside Parks) is patrolled by 5 officers. (Several officers paid for under dedicated funding patrol Riverside Park South.) An additional team of 6 officers for each of Manhattan North and for Riverside Park above West 72nd Street (12 new PEP officers) would increase safety and address problems with dogs, homeless people, speeding on bikeways, and would allow Parks to close parks, playgrounds and dog runs.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2008, but at this time the availability of funds is uncertain.</p>
25	307200811E	<p>Request: 25. Provide 'No-Bicycles' Decals.</p> <p>Explanation: Bike riders, primarily restaurant delivery people, on sidewalks, pose a serious safety problem for pedestrians in CD7. 'No-Bicycles' decals have been shown to be effective deterrents in MCB8 on the Upper East Side.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency will try to accommodate this issue within existing resources. 26	307200108E	<p>Request: 26. Decrease Headways/Increase Frequency on M104, M79, M86 and M96 Buses.</p> <p>Explanation: Headways have been increased on these lines, resulting in longer wait-times between buses. Since the addition of articulated buses on the M79 and M86, headways have also increased. There are fewer buses, and loading and unloading of articulated buses take considerably longer than with standard buses. On the M96, there has been considerable growth in the use of this bus, so much so that the loading guidelines would most likely specify additional buses be placed on this route. Many customers cannot get on the first M96 that comes during peak periods. Additional buses are warranted on this line.</p> <p>Responsible Agency: Transit Authority</p>	<p>The agency will try to accommodate this issue within existing resources. 09	311200801E	<p>Request: Provide afterschool bus service to Randall's Island for public school youth interested in using the ballfields or other Parks facilities on the island.</p> <p>Explanation: As the facilities and ballfields on Randall's Island (public park) are being modernized, we need to provide better access for our public school youth who want to participate in organized athletics or other recreational activities. There are numerous fields and ample open space on Randall's Island but its inaccessibility has prevented many of our youth from using their facilities. Increased bus service for youth afterschool would bridge this gap.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Funding for this type of program is decided at the local level. Contact your local community school board or regional office.</p>
10	311200704E	<p>Request: Hire Additional Officers Assigned to the Narcotics Unit of Patrol - Borough Manhattan North to Work in Community Board 11.</p> <p>Explanation: Much of the crime which occurs in Community District 11 is drug related. To prevent those crimes we ask for additional officers to be assigned to the Narcotics Unit of Manhattan North to investigate suspected drug activity in our community.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's narcotics enforcement resources are deployed on a borough-wide basis and are available to all precincts within the borough. Specific complaints should be brought to the attention of the local precinct commander.</p>
11	311200705E	<p>Request: Hire Additional Detectives for the 25th and 23rd Precincts.</p> <p>Explanation: Additional detectives in both the 25th and 23rd Precincts would allow those precincts the flexibility needed to better prioritize their man-power. As all accusations which are called into the precinct must be investigated, detectives often do not have to time to tackle more substantial crimes which affect the most people.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: City funding was provided to hire four hundred additional civilian personnel as part of the Civilianization Program. Some civilian clerical personnel may be allocated to accomodate your request.</p>

14	311200706E	<p>Request: Hire an Additional Pothole Crew for Manhattan to Serve Community Board Eleven.</p> <p>Explanation: The additional crew would help fill many of the potholes in our District which remain unfilled. 01	312200401E	<p>Request: Increase the number of Police Officers at the 33rd and 34th Precincts.</p> <p>Explanation: The 33rd and 34th precincts serve the most heavily-populated Manhattan community, Washington Heights-Inwood. Both precincts are severely under-staffed. More officers are needed in every area, especially narcotics and CPOP.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
02	312199405E	<p>Request: Increase Funding for Code Enforcement & Litigation</p> <p>Explanation: Increase funding for HPD Code Enforcement and Litigation in Community Board 12. This is very important in Washington Heights-Inwood because most of the neighborhood's housing stock was built in the early 1900s. Landlords must be held accountable in the maintenance and rehabilitation of their properties.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Northern Manhattan Improvement Corporation</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
03	312200603E	<p>Request: Increase funding for Anti-Eviction and SRO Legal Services in Community Board 12M.</p> <p>Explanation: These services help prevent unwarranted evictions in CB12, especially for low-income, elderly, and disabled residents. Most tenants do not know their rights and would otherwise be unable to retain legal representation for a housing court matter. Anti-Eviction and SRO Legal Services are vital to Washington Heights-Inwood residents that live in rent-stabilized apartments.</p> <p>Responsible Agency: Department of Homeless Services</p> <p>Supported by: Northern Manhattan Improvement Corporation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

There were 187 newly diagnosed cases of lead poisoning in Washington Heights-Inwood, according to the most recent DOHMH community health profile (2003), which underscores the need for Manhattan's only Lead Safe House at 2183 Amsterdam Avenue, operated by the Northern Manhattan Improvement Corporation.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Northern Manhattan Improvement Corporation</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For The Executive Budget
Fiscal Year 2008

Queens

The City of New York
Michael R. Bloomberg, *Mayor*

FY 2008 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2008 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2008 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2008 the boards sought new or continued funding for 1,608 capital projects.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,304 expense requests.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2008 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the Financial Plan FY 2007 – 2011.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

The Elmhurst Library and Lefrak City Library are heavily utilized. 03	404200301C	<p>Request: Fund a New Police Pct. In Flushing Meadows - Corona Park.</p> <p>Explanation: To protect the assets of Flushing Meadows - Corona Park, a new separate Police precinct should be established in the park, similar to the facility in Central Park. The precinct personnel would be able to patrol the Park on a 24 hour basis and be available during sporting and other events for crowd and traffic control.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 21, 25, 29</p> <p>Supported by: Area residents and park users. NY Hall of Science & Queens Museum of Art</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>

CS	404198602C	<p>Request: Construct New Public School in CB 4Q Area. Continuing Support of PS/IS 260, Located at 99th Street and Roosevelt Avenue.</p> <p>Explanation: Even though P.S. 7 has opened and P.S. 14 and P.S. 89 have received additions, more schools are still needed. All of our schools are severely overcrowded and the demographic trends show that this pattern will continue for a long time. Children are still being taught in closets and storage rooms. 01	404199102E	<p>Request: Fund Tree Pruning Contract.</p> <p>Explanation: There is a great backlog of requests for tree pruning and tree stump removal. Funds are needed for these services and to restore pruner and climber positions to Department. The existing 10 year cycle for tree pruning is too long. Funds need to be obtained in order to reduce the pruning cycle to 5 years. A 5 year pruning cycle will produce stronger and better looking trees.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: CB #4Q Residents</p>	<p>The agency recommends funding this expense budget request in FY 2008, but at this time the availability of funds is uncertain.</p>
02	404198802E	<p>Request: Establish Taskforce to Deal with Illegal Occupancies.</p> <p>Explanation: CB4 is experiencing a tremendous problem of illegal conversions. One and two family homes are being converted to 4, 5, and 6 family homes and SRO's. A Taskforce of Fire, Police and Buildings is urgently needed to monitor these conditions. Legislation is needed to put teeth into building violations. DOB should pursue it with elected officials.</p> <p>Responsible Agency: Department of Buildings</p> <p>Project in Coordination with: Police Department</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
03	404199702E	<p>Request: Hire Additional Building Inspectors.</p> <p>Explanation: Although there was an increase in inspectors for FY 07 additional Inspectors are requested to do on-site inspections, issue violations, in a feasible amount of time and return to see if violations have been corrected. 04	404198801E	<p>Request: Expand Refuse Collection Services.</p> <p>Explanation: New residential housing units are opening at an alarming rate. An increase in manpower is necessary to meet the ever growing demand.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Department of Sanitation funding will be appropriated on an as needed basis as collection routes need expansion.</p>
05	404198325E	<p>Request: Hire Additional Parks Maintenance Personnel.</p> <p>Explanation: When parks are rehabilitated, maintenance workers should be assigned. The presence of a permanent person prevents acts of vandalism, so that less work is needed in the area of repair. Positions lost in FY'92 should be restored.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2008, but at this time the availability of funds is uncertain.</p>
06	404199701E	<p>Request: Hire Additional School Crossing Guards. Increase School Crossing Guard Quota</p> <p>Explanation: In FY 2007 the 110Pct. has a quota of 25 crossing guards of which 22 are assigned. With-in the last few years many of our schools have added additions, thus increasing student capacity. New schools have opened such as PS 28 and new schools are being constructed, such as PS/IS 260. For the safety of the students attending these schools the quota of crossing guards must be increased to reflect the actual student population. With the rapid population increase in CB #4Q comes more traffic making the crossing guards more of a necessity.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: The City Council has provided funding annually for additional school crossing guards. After the receipt of additional funding, the Patrol Services Bureau surveys precincts for the need of additional school crossing guards and those requests are met when possible.</p>

At least 30 additional officers are needed for the 104th Pct. to cope with robbery, burglary, violent crime, domestic violence threats, inadequate response times, speeding, auto theft and rowdy youth conditions often caused by substance abuse. Currently, there are only 9 Parks staff assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 & Forest Park) should be funded year-round. Depending almost totally on WEP workers to maintain parks, many of which have seen large investment in recent years, shows a lack of concern for what to many is a most important community asset. Reseeding, aerating and fertilizing ballfields need to be priorities so that large capital expenditures are not wasted.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2008, but at this time the availability of funds is uncertain.</p>
10	405200301E	<p>Request: Provide Sufficient Personnel for Traffic Safety Inspections, Sign Installations, Pavement Markings and Sign Manufacturing.</p> <p>Explanation: Because of increasingly dangerous local traffic conditions, there has been a need during the past 5 years for more traffic safety studies, traffic safety inspections, signals, "All Way Stop" installations, "One Way Conversions" and "No Parking" designations to daylight intersections. 21	407200101C	<p>Request: Establish an Additional Police Precinct for Community District #7.</p> <p>Explanation: Community Board #7 having the largest population of the 59 Community Boards, and one of the largest in geographic area, there is a need for an additional Police Precinct for our district. According to information the 109th Precinct is 4th in overall index crime complaints in the city and 1st in Queens for radio runs (approximately 6,000 per month). The Fair Share Allocation for manpower has to take into consideration the quality life issues that the precinct has to deal with. This requires time and manpower of which our precinct is being stretched far beyond their limit.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 19, 20, 21, 24</p> <p>Supported by: Friends for Fort Totten Park Bay Terrace Community Alliance</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>

01	410198301E	<p>Request: Assign Additional Uniformed Police Officers to the 106th Police Precinct, and Sufficient Off Street Parking for Additional Personnel. Increase Transit Police in District 23.</p> <p>Explanation: Necessary when school crossing guards need help at major intersections; when enforcement of changed traffic patterns needs a uniformed presence; when traffic jams, double parkers, driveway obstructions, bus stop parkers, etc. know there will be no enforcement. 01	414200101E	<p>Request: Restore Community Boards's Budget.</p> <p>Explanation: The city has enjoyed a billion dollar surplus for over two years. Most agencies have been given an increase.</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>The FY 2008 Executive Budget funds collective bargaining requirements for the community boards.</p>
02	414199402E	<p>Request: Initiate a Study to Locate a professional Health Related Technical School in this District.</p> <p>Explanation: The geographic isolation of this peninsula from the mainland makes travel by mass transit or surface bus transportation a project in itself. The large population of eligible teenagers graduating from our school would avail themselves of an opportunity to receive a higher education without doubt.</p> <p>Responsible Agency: City University of New York</p>	<p>The City cannot fund new programs. These have to be funded through internal reprioritizing within the CUNY budget or when resources can be made available.</p>
03	414199309E	<p>Request: Acquire Additional Head Start Centers</p> <p>Explanation: Locate and fund additional head start centers within existing housing developments. This is the second highest ranked district in Queens for persons on public assistance, a dubious distinction, but a statistic which justifies the request.</p> <p>Responsible Agency: Administration of Children's Services</p>	<p>Approval of this request depends on sufficient Federal/State Funds.</p>
04	414199602E	<p>Request: Initiate a Study for a Public Dock on Jamaica Bay in the Rockaways</p> <p>Explanation: In a district such as ours, surrounded by water, we have no public access to amenities providing recreational activities. A public dock fits well within waterfront revitalization concepts, a matter discussed by our Board and approved overwhelmingly upon motion carried.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Further investigation is required. Most of these properties are occupied for all year use, improved and treasured. What has not been given them is infrastructure and reconstruction, which only the City can provide. We would like to see it happen soon.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>The agency will try to accommodate this issue within existing resources. 06	414199404E	<p>Request: Initiate Study for Sanitary/Storm Sewer Improvements in the Area Bounded by Beach 86-108th Streets, Shore Front Parkway to Beach Channel Dr.</p> <p>Explanation: Shore Front Parkway between Beach 73rd and Beach 108th Street is dotted with fifteen (15) Mitchell-Lama cooperatives and rentals, each building being 12 stories high. Lacking standard storm sewer installations, drainage is inadequate. Seepage basins have trees sprouting from them. Homes along the bayfront suffer chronic sewer backups. They have been patient, awaiting development in Arverne. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For The Executive Budget
Fiscal Year 2008

Staten Island

The City of New York
Michael R. Bloomberg, *Mayor*

FY 2008 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2008 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2008 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2008 the boards sought new or continued funding for 1,608 capital projects.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,304 expense requests.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2008 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the Financial Plan FY 2007 – 2011.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code
