

Mayoral Commitments Progress Report: 2014–2017

Published December 31, 2017

In 2013, Mayor de Blasio made **228 campaign promises**. The Mayor's Office of Operations has closely tracked the Administration's progress, and the status of each commitment is detailed in this report. Commitments are primarily drawn from the 2013 platform document: *One New York, Rising Together*. Other related 2013 documents are also referenced.*

At the conclusion of 2017, the Administration has completed or put in motion 94% of its 228 campaign commitments, with 71% fulfilled and 23% in progress. Four percent were reconsidered, either because an alternative method for completion was found, or because there was new information that shifted the approach. One percent were not done.**
