6. Presentations:

Representatives of N.Y.C. Department of Transportation will present the Neighborhood Loading Zone (NLZ) program. The NLZ reduces double parking on narrow residential streets by providing space at the curb for activities such as deliveries by commercial vehicles, taxi and car service pick-up and drop-off, and active loading and unloading of personal vehicles. Providing dedicated curb space for these activities reduces double parking as well as other unwanted standing behaviors, while creating a safer and more efficient environment for all road users. NLZs can help to reduce conflicts between trucks and cyclists, improve bus travel times, and better serve all of the activities that occur on our city's streets.

Jeffrey Klein - Grand Union Holistic Solutions, a new privately-run, out-patient drug recovery center that focuses on holistically treating patients recovering from drug and alcohol addiction.
