Agenda

1. Representatives of N.Y.C. Department of Transportation will present the Neighborhood Loading Zone (NLZ) program. The NLZ reduces double parking on narrow residential streets by providing space at the curb for activities such as deliveries by commercial vehicles, taxi and car service pick-up and drop-off, and active loading and unloading of personal vehicles. Providing dedicated curb space for these activities reduces double parking as well as other unwanted standing behaviors, while creating a safer and more efficient environment for all road users. NLZs can help to reduce conflicts between trucks and cyclists, improve bus travel times, and better serve all of the activities that occur on our city's streets.
2. Department of City Planning (DCP) and the Department of Transportation (DOT) will present the Open Restaurants Text Amendment, which seeks to establish a permanent open restaurant program by removing the geographic restrictions on where sidewalk cafes can be located. The Text Amendment, which seeks to establish a permanent open restaurant program by removing the geographic restrictions on where sidewalk cafes can be located.
3. Old Business.
4. New Business.
5. Motion to adjourn.
