

Medallion Vehicle Certification Request

Please visit our website for more information at: www.nyc.gov/tlc.

Approved Vehicles

Only TLC-approved vehicles may be used as taxicabs in New York City.

- TLC lists the vehicles that are approved for use as a yellow taxi. The list is published on our website at nyc.gov/tlchackup. The chart is updated as new vehicles become available. If you have any questions about a vehicle or retirement issue call the TLC hack site at (718) 267-4501.
- You may be required to hack up an accessible vehicle, even if you do not own an accessible medallion. If you have a question about your medallion's accessibility requirement, contact the TLC at tift@tlc.nyc.gov or (212) 676-1111.

Used Vehicles

- Owners may purchase and hack up a used vehicle that is less than 7 years old, if the make and model is approved for use as a yellow taxi.
- Used vehicles will receive a retirement date equal to 7 years after hack-up, minus the age of the vehicle when hacked-up. For example, a model year 2015 vehicle hacked-up in 2018 is 3 years old and must be retired in 2022, 4 years after the hack-up in 2018.
- Vehicles with more than 500 miles on the odometer at time of hack-up will receive a DMV inspection at TLC's Woodside Inspection Facility. These vehicles must pass both the TLC hack-up inspection and the DMV inspection before the vehicle can be used as a taxicab.

ACCESSIBILITY REQUIREMENTS and NV200 Waivers

- Unrestricted medallion owners that are required to hack up an accessible vehicle may only hack up the Accessible Nissan NV200, unless the TLC grants a waiver. A maximum of 496 waivers will be granted on a first come, first serve basis. To learn how to request a waiver visit <https://www1.nyc.gov/site/tlc/businesses/accessible-taxi-of-tomorrow-waiver.page>
